EXPRESS LANES

CENTRAL 70
COMING SOON

WHY EXPRESS LANES? THE ANSWER IS SIMPLE: CHOICE.

Express Lanes increase road capacity and help manage congestion on the highways, eliminating the need to continue to build more lanes. And the best part? The choice is yours. Ride the bus, carpool, pay a toll or just use the existing free general purpose lanes. Express Lanes work to move more people, rather than move more cars. By offering choices, Express Lanes will help to reduce delays, manage congestion and keep travel times reliable for motorists.

NEW EXPRESS LANES COMING SOON

As Colorado's population continues to grow, Express Lanes are a long-term solution to make sure drivers will be able to get where they are going and get there on time. A system of Express Lanes is under construction: Central 70 Project, C-470 Express Lanes Project, I-25 North Express Lanes Project: from Berthoud to Fort Collins, I-25 North Express Lanes Project: from 120th Avenue to Northwest Parkway/E-470, the I-25 South Gap Project: from Monument to Castle Rock, and soon on the westbound I-70 Mountain Express Lane.

CENTRAL 70 FROM I-25 TO CHAMBERS ROAD

Central 70, between I-25 and Chambers Road, is one of Colorado's economic backbones. It is home to 1,200 businesses, providing the regional connection to Denver International Airport and carrying upwards of 200,000 vehicles per day.

The Central 70 Project will:

- Reconstruct a 10-mile stretch of I-70 between Brighton Boulevard and Chambers Road
- Add one new Express Lane in each direction
- Remove the aging 55-year-old viaduct
- Lower the interstate between Brighton and Colorado boulevards
- Place a 4-acre park over a portion of the lowered interstate.

Visit expresslanes.codot.gov for more information.

CORRIDOR BASICS

- Lanes will be open 24/7.
- Overhead signage will indicate current toll prices. Tolls will be collected through ExpressToll account or License Plate Toll.
- Free carpool, free motorcycle, bus and toll options will be available.
