Department of Transportation

I-25 (US 36 to 104th Avenue) Safety and Operations Improvements Project

CDOT wants to hear from you on a critical safety and operations project

The Colorado Department of Transportation invites you to an open house to discuss proposed transportation improvements and provide feedback on the Environmental Assessment (EA) for I-25 between the US 36/I-270 interchange and 104th Avenue. This stretch of highway has seen a steady increase in crashes since 2012. CDOT is looking at ways to improve safety and traffic operations.

In advance of the open house, the EA will be available for review and comments after Nov. 25. The public will have a minimum of 30 days to provide input on the EA document, per the National Environmental Policy Act. The EA document will be available on the project webpage and in person at the following locations:

Colorado Department of Transportation
Region 1 Office
2829 W. Howard Place, Denver, CO 80204

Federal Highway Administration
Colorado Division Office
12300 W. Dakota Ave., Suite 180,
Lakewood, CO 80228

Anythink Thornton Community Center Library
2211 Eppinger Blvd. Thornton, CO 80229

Anythink Huron Street Library
9417 Huron St., Thornton, CO 80260

Anythink Perl Mack Library
7611 Hilltop Circle, Denver, CO 80221

Your comments and insights are important!

Ways to Engage:

- Share your ideas with the project team.
- Send an email or call the hotline with your comments.
- Fill out and return a comment form.

Open House

Thursday, Dec. 10, 2026, 5 - 7 p.m.

Thornton Community Center
2211 Eppinger Blvd., Thornton, CO 80229

Overflow parking is available by Thornton City Pool (94th Avenue and Gaylord Street).

Light meals will be served. Children's activities will be available. If you would like to request language translation or interpreter services during the open house, please contact our project hotline **(720) 378-8859** or email us at **I25.US36to104thAvenue@gmail.com**.

Highlights of the EA will be featured during the open house which will have display boards, and the project team will be on-hand to answer questions. Your input is encouraged. There will be no formal presentation. You can come by any time during the open house hours.

Scan the QR code to visit the project webpage.

All materials presented at the open house will be available on the project webpage for review and comment.
