Mission

The mission of the Colorado Task Force on Drunk and Impaired Driving (CTFDID) is to support the prevention, awareness, enforcement, and treatment of drunk and impaired driving in Colorado through strong partnerships with public, private and non-profit organizations.

The CTFDID brings people together, creating a forum for victims and advocates to access many experts and resources in one place. It provides a formal mechanism to leverage resources in order to create a multi-faceted approach to solving a problem, which is often minimized and understated in our community. The CTFDID acts as a resource for the legislature, enabling it to consider more cohesive, well-thought-out proposals.

Sober Act Memo (included as an attachment)

NHTSA) contracted with nonpartisan and objective research organization (NORC) at the University of Chicago to develop an updated report describing the benefits and strategies of implementing a state impaired driving task force and the challenges to its implementation. The goal of the report is to help other states in developing and implementing an impaired driving task force.

Based on the work and successes of the Colorado Task Force, NHTSA has selected your state's Task Force for inclusion in this report.
