# QUESTIONS ASKED

## OUTRIDER REGIONAL MOBILITY STUDY

1. What new regional transit connection(s) would you like to see for your community?
2. What markets or trip types would these potential connections serve?
3. How many trips per day do you think there is a market for?
4. What times of day and days per week would you like to see potential service operate?
5. Would you like potential new service to be branded as part of the Bustang Outrider network or do you have ideas for a separate brand?

# GENERAL RESPONSES RECEIVED

## OUTRIDER REGIONAL MOBILITY STUDY

- Support and excitement for new regional service and connections
- Primary market is medical services and shopping
- Desired service is Weekday early departure and late return
- No issues with space or capacity at terminals
- Support for services to be branded as part of Bustang Outrider
