Strategic Transit Projects (SB 267) - Transit Program Roadmap

Senate Bill 17-267 (SB-267) provided up to \$188 M for transit projects starting in Fiscal Year 2018-19, with an additional \$10M to date from bond sale proceeds. As of this report, the first three fiscal years (\$148 M) have been released.

This program roadmap allows the Division of Transit and Rail to see remaining key dependencies between major milestones, communicate the linkage between the strategy and the planned prioritized work, and provide a high-level view of upcoming milestones and decision points. Project locations are displayed on the Year 1, 2 or 3 map to the right.
