Date shipped	
Contractor	

No. pieces	Dia.	Length	Gage	Description	Heat No.	Brand	Total length

The material, identified by the listed heat numbers, was manufactured in compliance with Manufacturer's Certification: AASHTO Spec. No.

Signed (Manufacturer's representative)

NOTE TO CDOT PROJECT ENGINEER: Inspection of plant facilities (fabrication process, materials, etc.) are conducted to assure quality. Final acceptance is based on the results of your field inspection for visual defects. Document final quantities on CDOT Form #157 with all project 251's attached. Retain mill test reports in project records.

Distribution:

- 1. Copy to be signed by contractor's representative, return to manufacturer's file.
- 2. Copy to contractor's representative.
- 3. Transmit to CDOT Project Engineer with mill certifications attached.

Received by (Contractor's representative)
