1 Introduction

1.1 Purpose of Program Charter

The Southwest Chief & Front Range Passenger Rail Commission (Commission) Charter documents the information and procedures necessary for the Commissioners, Commission support staff and Colorado Department of Transportation (CDOT) support personnel to carry out the legislatively directed mission set forth in Senate Bill 17-153. (Appendix A) The intended audience includes the Commissioners, Commission support staff and CDOT support personnel, as well as to provide information to the public. The Charter is a public document.

1.2 Project and Program Overview

The Commission was established July 1, 2017 and is charged with two mission elements:

- Continuation of the existing efforts to improve and expand Amtrak's existing Southwest Chief route across southeastern Colorado, including track and signal upgrades on the existing route, extending service to Pueblo, and assessing possible service to Walsenburg as part of a reroute of the Chief between La Junta and Trinidad; and,
- Facilitating the development of Front Range passenger rail in and along the I-25 corridor.

Eleven voting members and three non-voting advisors comprise the Commission, along with a Project Director and Liaison. CDOT supporting personnel include a dedicated Project Director and Commission Liaison. The Commissioners represent Front Range Councils of Governments/Metropolitan Planning Organizations; national freight and passenger railroad companies operating in the corridors (BNSF Railway, Union Pacific Railroad and Amtrak); a representative for Huerfano, Otero, Prowers and Las Animas Counties; CDOT; Denver Regional Transportation District (RTD); two advocates for passenger rail in Colorado, and Cheyenne, Wyoming. Representation is expected to change over time. Of the eleven voting members, five Commissioners are appointed to terms by the Governor, and six are appointed by the regional planning organizations they represent. The three non-voting advisors are CDOT, Amtrak, and a Cheyenne, Wyoming representative. See Appendix D for the current members and advisors of the Commission.

The Commission's Project Director provides executive leadership for the promotion, planning direction and implementation of the Commission's mission for both the Southwest Chief and Front Range Passenger Rail elements. The Project Director manages Passenger Rail Commission activities and operations and oversees the work of Commission consultants. The Project Director also interacts regularly with CDOT's Executive Director, the Director of the Division of Transit and Rail as well as other divisions of CDOT as required and appropriate, and the numerous stakeholders interested in the Commission's mission. Reporting to the Project Director is the Commission Liaison. The Liaison provides support in the areas of research, stakeholder and public involvement, special projects and administrative functions. The Project

Director, while being a CDOT employee, reports directly to the Commission through February 2021.

The Commission legislation has no statutory sunset date, which exemplifies the long-range nature of the Commission's mission. In addition to the roll over funding from the prior Southwest Chief Commission, the Commission received \$2.5 million from the 2018 State Legislature. The Commission has the authority to raise and expend additional funds from any legal source to carry out its mission.

2 Scope

2.1 Commission Objectives and High Level Requirements

2.1.a The objectives and requirements of the Commission, as prescribed in SB 17-153, for the long-term viable operation of the Southwest Chief include:

- Continuing the mission of the Southwest Chief Rail Line Economic Development, Rural Tourism, and Infrastructure Repair and Maintenance Commission (established in 2014) to coordinate and oversee efforts by the State and local governments and cooperate with the states of Kansas and New Mexico, Amtrak and the BNSF Railway to ensure that the line-of-road repairs and upgrades required by Amtrak for the continuation of the existing Southwest Chief rail service in Colorado are completed,
- That Southwest Chief service is extended to Pueblo from La Junta, and
- That the benefits of extending such service to Walsenburg are fully explored, potentially by a reroute of the Southwest Chief to a route between La Junta and Trinidad, CO through both Pueblo and Walsenburg.

2.1.b The objectives and requirements of the Commission, prescribed in SB 17-153, for Front Range Passenger Rail include:

- To facilitate the future of Front Range Passenger Rail and, in doing so, to specifically develop draft legislation to facilitate the development of a Front Range passenger rail system that provides passenger rail service in and along the Interstate 25 corridor that is a component of a well-integrated, modern, efficient, and cost-effective multimodal transportation system for Colorado;
- Determine need and prerequisites for Front Range passenger rail, create a plan to establish such a service or services and timeline for its achievement
- Obtain support from the public and from concerned local, state and federal agencies to establish a system along the Front Range as part of an integrated passenger transportation network providing the public with effective mobility options
- Develop a longer-range service concept for the long-term growth and development of a Front Range passenger rail system
- Obtain a federally approved Tier 1 EIS for the Fort Collins to Pueblo segment

Southwest Chief and Front Range Passenger Rail Commission Charter

- Obtain a federally approved Service Development Plan for Front Range Passenger Rail
- Develop a conceptualized governance and optimal operating plan for Front Range passenger rail, including:
 - Determine suitable right of way and appropriate stations for the system
 - Determine suitable initial service and equipment requirements to commence Front Range passenger rail service
 - Determine suitable governance structure and district boundaries
 - Determine suitable funding and financing options
- Position the future Front Range rail governance entity as qualified and favorably supported for local, state and federal funding
- Obtain legislation to create the actual Front Range rail governance entity (note: this objective could be undertaken earlier or later, after a timeline for the objectives has been set)
- Senate Bill 18-001 signed by Governor on May 31, 2018 with \$2.5 million for the Commission providing support funding for the Commission to undertake necessary Front Range passenger rail studies, secure full-time support staffing, and provide for needed matching funds to secure Federal grant funds to advance the Commission's Mission and Objectives.

2.2 Boundaries

The geographic jurisdiction of the Commission was not defined in the legislation establishing the Commission beyond the present and proposed Amtrak Southwest Chief route and I-25 Corridor and Front Range communities named in the legislation.

The Commission will need to determine if any specific boundaries related to developing and managing future passenger rail service in the Front Range and the Southwest Chief route are necessary. If so, the Commission will have to propose that a special district or districts be created.

3 Duration

Because public and private rail transportation projects are of long duration, it is expected the commission will remain active for the foreseeable future.

4 Program Organization

4.1 Governance Philosophy

At the first meeting of the Commission, it was agreed that the deliberations of the Commission shall be conducted by consensus whenever possible. In this regard, the governance philosophy of the Commission will be one of trust, goodwill and civic mindedness between Commissioners and with stakeholders. Only when a disagreement arises, when an amendment to this charter is proposed, when a financial matter is decided or when the chair deems a formal record of a decision should be made shall a voice or roll call vote be taken. Any Commissioner may call for a voice or roll call vote.

A quorum shall consist of a majority of the members of the Commission. The act of a majority of the members present at a meeting at which a quorum is present shall be the act of the Commission. A majority constitutes 6 voting members.

Deliberations of the Commission shall be conducted in compliance with the State of Colorado Sunshine and Ethics in Government requirements. Meetings shall be open to the public and public comments shall be accepted.

4.2 Roles and responsibilities

See Appendix D for Commission members, roles, and representatives.

The Commission will elect both a Chair and Vice Chair annually at the January Commission meeting. The Chair of the Commission will convene meetings, facilitate meetings in a way that encourages decisions, and adhere to established agendas.

4.3 Electronic Communications

The Commission may rely on electronic communications to conduct its deliberations between meetings. In this regard, the Chair may first seek a consensus decision on matters by email communications with the Commissioners. If no clear consensus is reached, a standard “yes” or “no” vote will be taken. While not preferred, participation in meetings of the Commission by telephone will be available to Commissioners who cannot attend meetings in person.

4.4 Amendments to the Charter

Amendments to the Charter may be proposed by any Commissioner at a regularly scheduled meeting. Amendments must be adopted by a majority of the Commissioners (6 or more voting members).

4.5 Stakeholders (Internal and External)

Communications with civic leaders and the general public will be important to the success of the Commission. In that regard, meetings of the Commission will be open to the public and public comments will be accepted. An ongoing outreach effort to stakeholders will be undertaken including to and through the following:

- Internal Stakeholders
 - Local Government Organizations/representatives named in the legislation or appointed by the Governor
 - UP Railroad
 - BNSF Railway
 - RTD
 - Amtrak
 - State government organizations named in legislation (CDOT)
 - Advocates appointed by the Governor
- External Stakeholders
 - Concerned local governments and civic organizations
 - Chambers of Commerce
 - Transit and Rail advocates
 - Tourism organizations
 - Colorado economic development organizations
 - The business community
 - Labor organizations
 - Action 22 and Pro 15
 - Military installations
 - Universities and Colleges
 - Media
 - Concerned and impacted short line freight railroads
 - Public Interest Groups
 - Environmental Organizations
 - Disability advocacy groups

5 Charter approval

The undersigned acknowledge they have reviewed the project charter for the Southwest Chief & Front Range Passenger Rail Commission. Changes to this program/project charter will be coordinated with and approved by the undersigned or their designated representatives.

(V) TO ENTER INTO MULTISTAGE AGREEMENTS;

(VI) TO FACILITATE THE FUTURE OF FRONT RANGE PASSENGER RAIL;
AND

(VII) TO HAVE AND EXERCISE ALL POWERS NECESSARY OR INCIDENTAL TO OR IMPLIED FROM THE SPECIFIC POWERS AND DUTIES GRANTED IN THIS PART 10.

(c) THE COMMISSION SHALL PREPARE DRAFT LEGISLATION TO FACILITATE THE DEVELOPMENT OF A FRONT RANGE PASSENGER RAIL SYSTEM THAT PROVIDES PASSENGER RAIL SERVICE IN AND ALONG THE INTERSTATE 25 CORRIDOR AND THAT IS A WELL-INTEGRATED COMPONENT OF A MODERN, EFFICIENT, AND COST-EFFECTIVE MULTIMODAL TRANSPORTATION SYSTEM. THE COMMISSION SHALL PRESENT THE DRAFT LEGISLATION TO THE LOCAL

GOVERNMENT COMMITTEES OF THE HOUSE OF REPRESENTATIVES AND THE SENATE NO LATER THAN DECEMBER 1, 2017. THE DRAFT LEGISLATION MAY INCLUDE ANY PROVISIONS THAT THE COMMISSION DEEMS NECESSARY TO FACILITATE THE DEVELOPMENT OF A FRONT RANGE PASSENGER RAIL SYSTEM.

SECTION 3. In Colorado Revised Statutes, 43-4-1002, **amend (1); and repeal (2)** as follows:

43-4-1002. Southwest chief rail line economic development, rural tourism, and infrastructure repair and maintenance fund - creation - use of fund. (1) The southwest chief rail line economic development, rural tourism, and infrastructure repair and maintenance fund is created in the state treasury. The fund consists of any moneys including but not limited to any gifts, grants, or donations, received by the state from the federal government, local governments, public-private partnerships, or any other person, or as a result of any voter-approved ballot measure, that are dedicated for the purposes of ensuring that the Amtrak southwest chief rail line continues to pass through Colorado and that an additional stop in Pueblo is added to the line, and any other moneys that the general assembly may appropriate or transfer to the fund. Interest and income earned on the deposit and investment of moneys in the fund and all unencumbered and unexpended moneys in the fund at the end of any fiscal year remain in the fund. Subject to annual appropriation by the general assembly, the commission may expend moneys from the fund for its ~~administrative and staffing~~; ADMINISTRATIVE, STAFFING, AND ANY OTHER OPERATING expenses and for the costs of any necessary studies. Subject to annual appropriation, ~~and the limitations set forth in subsection (2) of this section~~; the commission may also expend moneys from the fund for rail replacement or other improvements to the portion of the Burlington Northern and Santa Fe BNSF railway line used to provide existing Amtrak southwest chief rail line service in Colorado and to pay costs associated with the expansion of southwest chief rail line service to include a stop in Pueblo.

(2) ~~The commission may only expend moneys from the fund for the purposes of rail replacement or other improvements or for costs associated with the expansion of southwest chief rail line service to include a stop in Pueblo if:~~

(a) ~~Amtrak confirms in writing that the southwest chief rail line will continue to stop in Lamar, La Junta, and Trinidad, that the southwest chief~~

~~rail line will add a regular stop in Pueblo within five years from the date the commission first expends moneys for those purposes from the fund, and that Amtrak will explore the potential benefits, including but not limited to benefits of increased tourism and other economic benefits, of also adding a regular stop in Walsenburg, and~~

~~(b) The states of Kansas and New Mexico, Amtrak, and the Burlington Northern and Santa Fe railway commit in writing to expend an average aggregate amount of at least fifteen million two hundred thousand dollars per year for each of the ten years beginning with the year in which the commission first expends moneys for those purposes from the fund:~~

SECTION 4. In Colorado Revised Statutes, **repeal** 43-4-1003 as follows:

43-4-1003. Repeal of part. This part 10 is repealed, effective July 1, 2017.

SECTION 5. Effective date. (1) Except as otherwise provided in subsection (2) of this section, this act takes effect upon passage.

(2) Sections 1 and 2 of this act take effect July 1, 2017; except that section 43-4-1001 (2)(c), Colorado Revised Statutes, as enacted in section 2 of this act, takes effect upon passage.

SECTION 6. Safety clause. The general assembly hereby finds,

Southwest Chief and Front Range Passenger Rail Commission Charter

determines, and declares that this act is necessary for the immediate preservation of the public peace, health, and safety.
