

Resolution # TC-16-7-2

Repeal of Policy Directive 8.0 "Residence and Telephone Requirements"

Approved by the Transportation Commission on July 21, 2016.

WHEREAS, under the Colorado Revised Statutes § 43-1-106(8), the Transportation Commission of Colorado has the statutory responsibility to set policies for the Colorado Department of Transportation ("CDOT"); and

WHEREAS, the Transportation Commission supports CDOT's efforts to eliminate when possible directives that are no longer necessary or are out of date; and

WHEREAS, Policy Directive 8.0, dated July 18, 1985, contains a residence requirement that an employee live within 20 miles of the work site, which is antiquated language no longer relevant given the availability of cell phones; and

WHEREAS, the Executive Director has updated the requirements imposed on designated essential personnel in new Procedural Directive 8.1 "Contact Requirements for Maintenance and Designated Essential Personnel Required to Respond to Emergencies," including eliminating the residence requirement; and

WHEREAS, Policy Directive 8.0 is no longer necessary as new Procedural Directive 8.1 addresses the Department's current process regarding designated essential personnel responding to emergencies.

NOW THEREFORE BE IT RESOLVED, the Commission herein repeals Policy Directive 8.0 "Residence and Telephone Requirements" as being no longer necessary.
