

Resolution Number TC-1801

WHEREAS, it is the statutory responsibility of the Transportation Commission of Colorado to set policies and establish rules for the Colorado Department of Transportation (CDOT); and

WHEREAS, the Commission desires to establish a policy to assure that investment in safety improvements within the resurfacing, restoration and rehabilitation (3R) type projects will be made when justified and economically feasible.

NOW, THEREFORE, BE IT RESOLVED, the Policy Directive 548.0 entitled Safety Considerations on 3R Projects is hereby adopted as submitted.
