

COLORADO BRIDGE ENTERPRISE

Memorandum

Colorado Bridge Enterprise
4201 East Arkansas Avenue, Room 235
Denver, Colorado 80222

DATE: May 4, 2012
TO: Bridge Enterprise Board of Directors
FROM: Reza Akhavan, Region 6 Regional Transportation Director
SUBJECT: I-70 Viaduct project Update

Region 6 Regional Transportation Director, Reza Akhavan, will provide a project update associated with the replacement of the elevated I-70 viaduct. The presentation will address the following topics:

- Current status of the I-70 East Environmental Impact Statement (EIS).
- Current public outreach efforts.
- Proposed alignment and replacement structure plan.
- Tentative project timeline associated with issuance of the FEIS (Final Environmental Impact Statement), approval of the Record of Decision (or ROD), and proposed construction start.

Per the April 2012 Bridge Enterprise Board workshop, the 10-Year Bridge Program Plan (currently in development) will examine multiple funding options associated with dedicating bridge enterprise funding to the project.
