Individual Commissioner Comments

Commissioner Schriener went to the Aeronautics Board Meeting the month. He also met with the Airport of Colorado Springs to discuss a loan coming up and to learn

more about them. Commissioner Schriener also had numerous meetings with the Pikes Peak Area Council of Governments and Colorado Springs in an effort to get more involved in the area.

Commissioner Barry had nothing to report and wished everyone a Happy New Year.

Commissioner Gilliland attended the Grand Opening of the Diverging Diamond Interchange at McCaslin Boulevard. She stated it was very good to see the facility in action and that everyone is excited over all of US 36 come to fruition.

Vice Chair Reiff met with the Arapahoe County Commissioners this month and was very impressed with how forward thinking they are on transportation issues. Commissioner Reiff expressed an appreciation for CDOT staff for their interdisciplinary work. By not remaining in their silo's employees help the TC. He cited the example of Josh Laipply and Maria Sobota's teams working together very well on project planning and project delivery. Vice Chair Reiff appreciated staff's efforts addressing the FASTER audit. He also pointed out HPTE working very well with finance and operations outside of their respective silos on the PPSL project.

Commissioner Hall attended the Delta County yearly County Commissioner meetings. She that they were very happy with CDOT's efforts. She also spoke with the MGD group in Grand Junction about transportation funding working with the growth in the western slop. Finally she mentioned how impressed she was with the PPSL as she drove to the meeting over the mountains on I-70.

Commissioner Gifford had the opportunity to use the PPSL. Additionally she has received very favorable feedback on the lanes.

Commissioner Hofmiester had nothing to report.

Commissioner Thiebaut expressed his happiness to see Karen Rowe back at the meetings. He thanked Sassan and Ajun for their efforts in her leave.

Commissioner Peterson wished everyone a Happy New Year. He also echoed Commissioner Reiff's thoughts on the cooperation and evolution demonstrated within CDOT, and that makes it a very exciting time to be a part for the organization.

Commissioner Zink explained to the commission how much snow Durango has been receiving. She has been impressed with the notifications CDOT has being giving regarding road closures and snow operations. Commissioner Zink shared her thoughts on Region 5 Director Kerrie Neet's retirement, and that she has done a great job as a manager and an RTD for southwest Colorado.

Chairwoman Connell attended the Joint Budget and Transportation Committees at the State Capital. She was very proud of how staff handled themselves at the hearings. She expressed her displeasure with how the Transportation Committee members acted during the hearings. She gave an update on the Highway 9 improvement project. She said the road is wonderful, and that animals have in fact been using the overpasses built for the project.

Executive Director's Report

Executive Director Shailen Bhatt stated he can be protective but demanding of his staff, so he likes appreciates hearing the sincere positive comments the commissioners shared. He acknowledged the efforts of the commission and thanked them for the level of care they put towards CDOT. Executive Director Bhatt also took a moment to welcome back Karen Rowe. Finally, he explained how though the winter has been mild in Denver, across the state the weather has been very bad elsewhere, and thanked staff for their diligence in working.

Chief Engineer's Report

Chief Engineer Josh Laipply welcomed Karen Rowe back to the meeting, and expressed his sadness at Kerrie Neet's retirement. Central 70 had a TIFIA presentation in late December, with a C-470 TIFIA presentation in January. CDOT is leveraging this program as much as possible to build those projects out. PPSL team has worked very hard regarding how the lanes will react to situations, and their work has yielded great benefits so far. He also mentioned in the PPSL area, a bridge demolition was rescheduled at the request of the local area, demonstrating CDOT's efforts to deal with construction impacts.

US 36 opening was a great feather in CDOT's cap. Additionally, RoadX has reached an agreement with HERE to share data. This is an example of Colorado being the first DOT to pen an agreement on data sharing. Finally, Josh detailed a new agreement with CCA to help deliver an increased project load.

HPTE Director's Report

HPTE director David Spector gave a brief report on the HPTE Board. He welcomed Jan Martin as a new full member on the HPTE Board. The Board is now full for the first time in a long time. In December, David reported to the State Capital on the US 36 Audit. He was happy to report 26 of the 29 recommendations were taken. The audit committee was happy to hear that as well.

He went on to report that the HPTE Annual Report would be released on Feb. 15, with an update on the PPSL. Starting in March, the HPTE Board will start to create the price elasticity for Phase 2 of the US 36 project – the commission will be kept informed during this process. Finally, he reported that discussions in Washington, D.C. about TIFIA loans for C-470 and Central 70 went well. Finally, the I-25 north segment 2 prices will be set in March.

FHWA Division Administrator Report

FHWA Division Administrator Alicia Nolan informed the commission on the passing of the FAST act by Congress. This is a five year federal funding bill, with a slight increase per year in funds of about 10% per year. The FAST act adds a new program for freight corridors, and Colorado is in good shape to receive those funds. Additionally, the appropriations bill passed in December, so the state will receive much more predictable federal funding. This will also allow TIGER VIII move forward in 2016. Finally, the US DOT is celebrating its 50th anniversary in 2016.

STAC Report

Vince Rogoff of STAC reported that the Transportation Committee has approved a bill to go to the senate recommending that STAC report directly to the Transportation Committee in the future.

Recognition

Karen Rowe gave recognition to the City of Colorado Springs for their collaboration on the I-25/ US 24 RAMP project. The City of Colorado Springs recognized the need for this project, and brought forward a significant amount of money. The project faced issues with the raising cost of construction. However through collaboration between CDOT and the city, more funds were able to be raised by the city, allowing the project to become a reality. The City also put a great deal of effort into the project in non monetary ways, through leveraging relationships, clearing processes and design input. Commissioner Schriener stated this interchange is the focal point of Colorado Springs, so that this project's completion is extremely important. Colorado Springs and a few individuals were presented with certificates.

Commissioner Zink acknowledged the actions of Mike McVaugh and Kerrie Neet. The three of them were driving over Wolf Creek pass, and saw a driver in distress. A woman had an incident while driving, she was weaving across the highway then

pulled off to the side of a lane. Mike went up to the car, seeing that the driver was unconscious with the car running, he put some rocks in front and behind the wheels of the car to immobilize it. After that, Kerrie and Mike was able to get the driver to open the windows after she regained consciousness. They then turned off the car and called her husband with her cell phone. Commissioner Zink stated that the calm, decisive and reassuring actions of Mike and Kerrie helped to manage and diffuse the extraordinary situation. Mike and Kerrie were presented with certificates of appreciation. Kerrie Neet stated that Mike is a man of action, who is often in the right spot helping whenever he can – Be it rock fall or a loose animal on the road. He is always helping.

Executive Director Bhatt recognized Ty Ortiz for his efforts in Oklahoma. The state experienced some rock fall issues during a recent flooding. The governor of Oklahoma called CDOT asking for some expertise. Ty took this call and immediately went to Oklahoma to help them deal with the issues. As a thank you, Governor Fallin of Oklahoma then sent Governor Hickenlooper a letter recognizing and thanking Ty for his help. Executive Director Bhatt expressed his thanks to Ty for answering the call and going above and beyond the call. He was presented with a framed copy of Governor Fallin's letter.

With the coming of the New Year, it is time to award the Executive Director's cup to one of the five CDOT Regions. Executive Director Bhatt stated that it was a very difficult decision, because there are 5 great regions with great RTD's. The regions are the areas where the rubber hits the road, so the cup is a good chance to share the accolades HQ receives with the people who do the work. This year, the Cup will be going to Region 5. Director Bhatt highlighted that people in region 5 are exemplary. Additionally, the region felt a great tragedy this year, and rebounded as a community wonderfully. Kerrie Neet accepted the award and thanked the people in her region for their extremely hard work.

Adjournment

Chairwoman Connell closed the January Transportation Commission meeting at 10:25 a.m.
