Eastern Plains Timber Bridge Replacement, Project Manager  
CDOT  
Denver, CO 80204

Re: Letter of Interest  
Eastern Plains Timber Bridge Replacement  
Project No.: FBR R400-371 / FBR R400-372

Dear Mr. Schumacher,

Concrete Express, Inc. (CEI) has the expertise and experience to provide the Colorado Department of Transportation quality CMGC services to meet the proposed project goals. We are a heavy/civil general contractor with proficiency in integrated design and construction. Our list of alternative delivery projects includes CDOT- US285, Westminster Station & Little Dry Creek Park CMGC, Chatfield Reservoir Reallocation CMAR, and Hall Dam Removal Design-Build Project. We are well suited for this project in that we have experience in a variety of bridge construction projects.

We hereby express our interest in the project. Our contact person for this project is Ron Green who can be reached at 303-562-2000 or at [rgreen@ceiconstructors.com](mailto:rgreen@ceiconstructors.com). His address is 2027 West Colfax Ave., Denver, Colorado 80204 and fax is 303-893-1949.

We look forward to participating in the Construction Management/General Contractor Services solicitation process for this challenging project.

Sincerely,

A handwritten signature in blue ink that reads 'Ronald Green'.

Ronald Green  
Pre-Construction/Project Manager
