RE: Asbestos and Lead-Based Paint Inspection Report for Bridge I-15-AO located at US Highway 24 MM 271.900 over Draw near Florissant, Colorado

Dear Mr. Cosyleon,

The Colorado Department of Transportation (CDOT) Environmental Project Coordinator (EPC) completed an asbestos and lead-based paint inspection at bridge I-15-AO at US Highway 24 Mile Marker (MM) 271.900 over Draw near Florissant, Colorado. The CDOT-EPC is a certified asbestos building inspector, certification # 13915.

On January 21, 2020 the CDOT-EPC performed the asbestos and lead-based paint inspection of the bridge. The bridge is approximately 21 feet in length by 45 feet in width and was constructed in 1937. The bridge is a concrete box culvert structure with galvanized guardrails.

Asbestos-containing materials (ACMs) were not identified during the inspection so bulk samples were not collected. Painted substrates were also not identified during the inspection, thus paint samples were not collected. Please contact (720) 582-0694 with any questions or concerns regarding this report.

Sincerely,

COLORADO DEPARTMENT OF TRANSPORTATION

Tim Hagert
Environmental Project Coordinator
Certified Asbestos Building Inspector #13915
