FORM J PROPOSER'S PRICE ALLOCATION FORM (See Book 2, Section 2- Exhibit A, Work Breakdown Structure)

Proposer Preliminary Baseline Schedule Activity ID	CDOT Item Code	WBS Description	Dollar Value	Scope Description
	950-00000	PROJECT MANAGEMENT Contract Management		Management personnel, DRB, and OJT
	950-00001	Quality Management		Developing Project Quality Management Plan
	950-00003	Public Information Management		Developing Project Public Involvement plan
	950-00506 950-00005	Environmental Management Bonds and Insurance		Developing & administering environmental management plans & permits Project Bonds and Insurance
	950-00005	Maintenance During Construction		Project bonds and insurance Project maintenance efforts over the course of the project
	950-01000	STRUCTURE G-12-C SEGMENT Project Management		Segment schedule management, cost control, management personnel
	950-00001	Quality Management		Administering Quality Management Plan for this segment
	950-00003	Public Information Management		Administering Public Information Plan for this segment
	950-00004 950-01200	Mobilization Design		Mobilization for segment Preparation of segment design packages - 30%, RFC, Final, As-constructed
	950-01500	Bridges and Major Structures		Construction of segment structure Work
	950-01300	Roadway		Construction of Roadway segment Work
	950-01400 950-00505	Earthwork Maintenance of Traffic		Construction of segment earthwork Work Segment installation and maintenance of all MOT items
	950-00006	Right-of-Way		Segment Right-of-Way as Idenetified by the Proposer and Survey
	950-00504 950-01700	Drainage Walls		Construction of segment drainage system Work - As identified by the Proposer Construction of segment retaining walls as identified by the Proposer
	950-01700	Signing, Pavement Marking, Lighting		Construction of segment retaining walls as identified by the Proposer Construct segment signing, striping, and lighting
	950-01800	Environmental		Environmental compliance, landscaping, seeding, installation and maintenance of
	950-01100	Utilities		erosion control for segment Segment utility Work - As identified by the Proposer
		STRUCTURE J-14-C SEGMENT		
	950-01000 950-00001	Project Management Quality Management		Segment schedule management, cost control, management personnel Administering Quality Management Plan for this segment
	950-00001	Public Information Management		Administering Quality Management Plan for this segment Administering Public Information Plan for this segment
	950-00004	Mobilization		Mobilization for segment
	950-01200 950-01500	Design Bridges and Major Structures		Preparation of segment design packages - 30%, RFC, Final, As-constructed Construction of segment structure Work
	950-01300	Roadway		Construction of Roadway segment Work
	950-01400	Earthwork		Construction of segment earthwork Work
	950-00505 950-00006	Maintenance of Traffic Right-of-Way		Segment installation and maintenance of all MOT items Segment Right-of-Way as Idenetified by the Proposer and Survey
	950-00504	Drainage		Construction of segment drainage system Work - As identified by the Proposer
	950-01700	Walls		Construction of segment retaining walls as identified by the Proposer
	950-01900	Signing, Pavement Marking, Lighting		Construct segment signing, striping, and lighting Environmental compliance, landscaping, seeding, installation and maintenance of
	950-01800	Environmental		erosion control for segment
	950-01100	Utilities STRUCTURE J-15-G SEGMENT		Segment utility Work - As identified by the Proposer
	950-01000	Project Management		Segment schedule management, cost control, management personnel
	950-00001 950-00003	Quality Management		Administering Quality Management Plan for this segment
	950-00003	Public Information Management Mobilization		Administering Public Information Plan for this segment Mobilization for segment
	950-01200 950-01500	Design Bridges and Major Structures		Preparation of segment design packages - 30%, RFC, Final, As-constructed Construction of segment structure Work
	950-01300	Roadway		Construction of Roadway segment Work
	950-01400 950-00505	Earthwork Maintenance of Traffic		Construction of segment earthwork Work Segment installation and maintenance of all MOT items
	950-00006	Right-of-Way		Segment Right-of-Way as Idenetified by the Proposer and Survey
	950-00504	Drainage		Construction of segment drainage system Work - As identified by the Proposer
	950-01700 950-01900	Walls Signing, Pavement Marking, Lighting		Construction of segment retaining walls as identified by the Proposer Construct segment signing, striping, and lighting
	950-01800	Environmental		Environmental compliance, landscaping, seeding, installation and maintenance of erosion control for segment
	950-01100	Utilities		Segment utility Work - As identified by the Proposer
		STRUCTURE I-13-G SEGMENT		
	950-01000 950-00001	Project Management Quality Management		Segment schedule management, cost control, management personnel Administering Quality Management Plan for this segment
	950-00001	Public Information Management		Administering Quality Management Plan for this segment Administering Public Information Plan for this segment
	950-00004	Mobilization		Mobilization for segment
	950-01200 950-01500	Design Bridges and Major Structures		Preparation of segment design packages - 30%, RFC, Final, As-constructed Construction of segment structure Work
	950-01300	Roadway		Construction of Roadway segment Work
	950-01400	Earthwork		Construction of segment earthwork Work
	950-00505 950-00006	Maintenance of Traffic Right-of-Way		Segment installation and maintenance of all MOT items Segment Right-of-Way as Idenetified by the Proposer and Survey
	950-00504	Drainage		Construction of segment drainage system Work - As identified by the Proposer
	950-01700 950-01900	Walls Signing Payament Marking Lighting		Construction of segment retaining walls as identified by the Proposer
	950-01900 950-01800	Signing, Pavement Marking, Lighting Environmental		Construct segment signing, striping, and lighting Environmental compliance, landscaping, seeding, installation and maintenance of
				erosion control for segment
	950-01100	Utilities STRUCTURE I-13-H SEGMENT		Segment utility Work - As identified by the Proposer
