Hi Emily: See below. The Section 401 Certification from EPA is waived so no additional conditions from them.

Yes

The time has passed and the certification is waived.

Toney Ott

Sounds good. Thanks for the update. Based on your email, I can assume it is waived since it has been more than 60 days? Just want to confirm.

I thought I sent you a certified no additional conditions since the 60 days equals waive that it fine – maybe the letter got stuck and I never noticed

Hi Toney:

It's been more than 60 days since this project was submitted so I'm hoping you can issue or waive the 401 soon. Jeff Seebach sent me the Tribe's comments (which have also been sent to you), and CDOT is fine with complying with all of his requests. Let me know if you need any other information from me. I will be in the office this afternoon and tomorrow morning if you would like to discuss over the phone.

Thanks, Tim

Hi Toney: Hope all is well. Just wanted to check in on the status of the 401 cert for this project. With Kara's verification in, a 401 from EPA is the only outstanding item related to this project. It is my understanding that Jeff Seebach has already provided you with the Southern Ute's comments. Feel free to give me a call to discuss if needed.

Thanks, Tim
