

NSM Contractor Review
Brannan Sand and Gravel for Evotherm 3G
September 02, 2011

DATE: September 2, 2011

FROM: Jim Zufall, Materials and Geotechnical Branch Manager

TO: MAC Members and Industry Partners

SUBJECT: Final Decision on Approval of Non-Standard Mix Submittal for Brannan Sand and Gravel Contractor Approval using Evotherm 3G WMA Technology

REFERENCE: <http://www.coloradodot.info/business/apl/asphalt-non-standard-mix.html>

Overview

The review panel for evaluation of Non-Standard (NSM) Asphalt Mixture submittals was provided documentation and queried via email during the period August 22 to September 1, 2011. In accordance with the Colorado Procedure 59 (CP-59) Brannan Sand and Gravel (BSG) requested review and approval as a Contractor using the Evotherm 3G WMA technology.

Quality of Submittal

The BSG contractor submittal using Evotherm 3G WMA technology was submitted for CDOT consideration. The submittal was sufficient for the panel to review abilities for BSG to design, batch, and construct WMA using the Evotherm 3G product/technology. Evotherm 3G product is an approved technology; as such the technology was not reviewed.

NSM Decision

BSG is approved as a contractor for design, batch, and placement of the Evotherm 3G product/technology. This contractor will be listed as approved to use this technology on the CDOT website under the category of Approved NSM Contractors.

Re-evaluation Date

9/02/2014
