Overview

The review panel for evaluation of Warm Mix Asphalt submittals reviewed PQ Corporation's Advera WMA product during the period May 2, 2014 to May 14, 2014, in accordance with the Colorado Procedure 59 (CP-59).

Quality of Submittal

PQ Corporation's Advera WMA was submitted for CDOT re-evaluation. The submittal was found to have met all of the requirements of CP-59.

WMA Decision

PQ Corporation's Advera WMA product is re-approved by the panel, for use without restrictions.

Addendum

The original approval for the Advera product was on April 11, 2011. This approval was for a three year period, after which time they were to submit a request for re-evaluation of their product. This technology will be posted to the CDOT website under the category of WMA technologies.
