SUBJECT: Final Decision on Renewal of Warm Mix Asphalt Submittal for Evotherm 3G, Evotherm DAT and Evotherm ET

REFERENCE: www.coloradodot.info/business/apl/asphalt-warm-mix.html

Overview

The review panel for evaluation of Warm Mix Asphalt submittals reviewed MeadWestvaco's Evotherm WMA products on February 25, 2014, in accordance with the Colorado Procedure 59 (CP-59).

Quality of Submittal

MeadWestvaco's Evotherm WMA was submitted for CDOT re-evaluation. The submittal was found to have met all of the requirements of CP-59.

WMA Decision

MeadWestvaco's Evotherm WMA products are re-approved by the panel, for use without restrictions.

Addendum

The original approval for the Evotherm products was on December 8, 2010. This approval was for a three year period, after which time they were to submit a request for re-evaluation of their product. This technology will be posted to the CDOT website under the category of WMA technologies.
