SUBJECT: Final Decision on Approval of Warm Mix Asphalt Mix Submittal for United Companies, Contractor Approval using Stansteel's Accu-Shear Technology

REFERENCE: <http://www.coloradodot.info/business/apl/asphalt-warm-mix.html>

Overview

The review panel for evaluation of Warm Mix Asphalt (WMA) submittals was provided documentation and queried via email during the period November 6, 2013 to November 22, 2013. In accordance with the Colorado Procedure 59 (CP-59) United Companies requested review and approval as a Contractor using Stansteel's Accu-Shear WMA technology.

Quality of Submittal

The United Companies submittal using Stansteel's Accu-Shear WMA technology was submitted for CDOT consideration. The submittal was sufficient for the panel to review abilities for United Companies to design, batch and construct WMA using Stansteel's Accu-Shear WMA technology. Stansteel's Accu-Shear is an approved technology, with a restriction of 5,000 tons per project.

WMA Decision

United Companies is approved as a contractor for design, batch and placement of Stansteel's Accu-Shear WMA technology. This contractor will be posted to the CDOT website as an approved Contractor under the category of Approved WMA Contractors.
