

WMA Contractor Review
Elam Construction for Zycotherm
May 14, 2014

DATE: May 14, 2014

FROM: Bill Schiebel, Materials and Geotechnical Branch Manager

TO: MAC Members and Industry Partners

SUBJECT: Final Decision on Approval of Warm Mix Asphalt Mix Submittal for Elam Construction, Contractor Approval using Zydex's Zycotherm WMA Technology

REFERENCE: <http://www.coloradodot.info/business/apl/asphalt-warm-mix.html>

Overview

The review panel for evaluation of Warm Mix Asphalt (WMA) submittals was provided documentation and queried via email during the period May 2, 2014 to May 14, 2014. In accordance with the Colorado Procedure 59 (CP-59) Elam Construction requested review and approval as a Contractor using the Zydex's Zycotherm WMA Technology.

Quality of Submittal

The Elam Construction submittal using Zycotherm WMA Technology was submitted for CDOT consideration. The submittal was sufficient for the panel to review abilities for Elam Construction to design, batch and construct WMA using the Zycotherm WMA Technology. Zycotherm is an approved technology, with a restriction of 5,000 tons per project.

WMA Decision

Elam Construction is approved as a contractor for design, batch and placement of the Zydex's Zycotherm WMA Technology. This contractor will be posted to the CDOT website as an approved Contractor under the category of Approved WMA Contractors.
