Flowchart C-2-0: Identify Proper Wage Determination(s) for Final Specification Package

1. Start: The CDOT Project Manager (Preconstruction) prepares the project documents for Final Specification Package prior to final Construction Agreed Price (CAP) negotiations.
2. The CDOT Project Manager (Preconstruction) identifies the proper wage determination(s) for advertisement (Figure 2-1).
3. The CDOT Project Manager (Preconstruction) sends the identified wage determination(s) to the Region Civil Rights Office for review.
4. The Region Civil Rights Office confirms the correct wage determination has been selected.
5. Decision Item: Was the correct wage determination(s) identified?
 - If yes, continue to step 6
 - If no, continue to step 7
6. The CDOT Project Manager (Preconstruction) submits the selected wage determination(s) with the final specification package.
7. The CDOT Project Manager (Preconstruction) inserts the correct wage determination(s) in the final specification package.
8. The CDOT Project Manager (Preconstruction) confirms the wage determination is still valid during the final specification package.
9. Decision Item: Is a revised wage determination published up to the CDOT Mock Letting Date?
 - If yes, continue to step 10
 - If no, continue to step 11
10. The CDOT Project Manager (Preconstruction) updates all applicable wage determination(s) in the final specification package up to the Mock Letting Date.
11. The CDOT Project Manager (Preconstruction) leaves the existing wage determination in place.
12. The process ends.
