David A. Wells  
Contracting Officer  
4201 East Arkansas Avenue, 4<sup>th</sup> Floor  
Denver, Colorado 80222  
Telephone: (303) 757-9480

**DATE: November 24, 2009**

### **Project No: NH 0361-093 (17516) “With Interview” Advertisement Project Specific US 36 Preliminary Design & Procurement Engineering Region 6**

CDOT only received two (2) “Statements of Interest” for the US 36 Reconstruction Project referenced above.

(Project Specific Preliminary Design Engineering & Procurement Services)

CDOT Region 6 has requested and received approval from the FHWA and the CDOT Chief Engineer to proceed with this selection with only the 2 submitted Statements of Interest received by CDOT.

Further, with only two firms submitting SOIs, CDOT reserves the right to cancel the interview phase of this selection, should one of the firms clearly demonstrate the submittal of a proposal deemed superior by the selection panel. This has also been communicated to the FHWA and Chief Engineer, and would need final Chief Engineer approval.

CDOT feels if a superior proposal is apparent, the Interview phase will be cancelled to both reduce the cost implications to the consulting firms and to shorten the period of time for final selection for this project.
