

INVITATION FOR CONSULTANT SERVICES
Public Notice for Professional Consultants Colorado Department of Transportation
CDOT Region 3 Project Specific: Preliminary and Final Design Services
Project # 0091-042 (19930) SH 9 Iron Springs

The Colorado Department of Transportation (CDOT) intends to hire one (1) Professional Consultant for this Project. The selected Consultant will contract to provide project specific consultant services to include those specific services set forth below.

DESCRIPTION: The Colorado Department of Transportation is seeking professional engineering services for improvements to Highway 9 in Summit County. These services are needed to perform design and other related work for the major realignment of State Highway 9 between Swan Mountain Road and the access to the Hospital/ Peninsula Recreation Area intersection. Additional design related work will be required for some specific locations elsewhere within the Highway 9 Corridor. CDOT is in the process of completing an environmental study along this section of the corridor and the design will comply with the Final Environmental Impact Statement and 4(f) Evaluation (FEIS) and Record of Decision (ROD) and Template Environmental Assessment (EA) and expected Decision Document (expected Finding of No Significant Impact- FONSI).

PROJECT LOCATION: This project is located on SH 9 from M.P 93 to M.P. 97

The major elements of this contract include the following services: Project Initiation, Project Development Preliminary Design, Final Design, Right-of-Way Plans. Drainage Plans (and Drainage Study- including permanent Water Quality structures/system), Structural Plans (Walls and Underpass Arch Structures, Structure Selection Reports-Walls, Pavement Section Designs, Traffic Control Plans- including Signal Plans, Stormwater Management Plans, Environmental Mitigation Requirements, Individual Permit process for the 404 Permit from the Army Corps of Engineers including design of Wetland Mitigation (including potential for off-site locations). Design files of work completed from the EA will be provided.

This Project-specific contract work will be done on an "as needed" basis. The term "as needed" means neither CDOT nor the consultant has an obligation under the contract unless and until a task order is issued. Contracts resulting from the Invitation for Consultant Services are considered a "pricing agreement". CDOT anticipates that the compensation format on this contract will be "cost plus fixed fee," subject to further review by CDOT. Execution of the contract will be subject to the bid award for the above-mentioned construction project.

NOTE: For all agreements that include final design services (either Non-Project Specific Construction Engineering agreements or Project Specific agreements) consultants, and their sub consultants having more than a 20% share in the final design portion of the contract, shall not be able to compete for construction engineering services on the same job for which they are providing final design services. Consultants who perform preliminary design and environmental review services may continue with, or compete for, final design services.

SPECIAL PROJECT REQUIREMENT: All work is to be performed under the direction and supervision, appropriate to the task, of a Colorado-Licensed Professional Engineer, a Colorado-Licensed Professional Land Surveyor for Surveying services, a Colorado-Licensed Landscape Architect, a Certified Industrial Hygienist, or, as appropriate, any combination of the foregoing.
