Project: US 34 Big Thompson Canyon Permanent Repair Project
Location: US 34 MP 65 – MP 88 Larimer County, CO
Project# ER 0341-084 (20279)

Colorado Department of Transportation (CDOT) Region 1 intends to hire one (1) Professional Consultant for this Project. The selected Consultant will contract with CDOT to provide Project Specific Construction Management Inspection & Materials Testing Engineering Services for the US 34 Reconstruction Project to include those specific services set forth below and in the Scope of Work (SOW)

Project Description US 34 Big Thompson Canyon

CDOT has selected a Construction Manager/General Contractor (CMGC) for the United States 34 (US 34) Big Thompson Permanent Repair Project from Estes Park to Loveland between Milepost 65 to Milepost 88. The selected CMGC will provide preconstruction phase Construction Management services and is intended to be the General Contractor during the construction phase.

The current draft scope of work reflects an approach based on the known project goals and risks. As the selected Contractor becomes involved and begins to analyze project goals, evaluate work elements, and formulate a proposal, new approaches or modifications to the project work elements may occur. The final scope of work for Construction Management Services will evolve based on available funding sources. Ultimately the staffing requirements will be adjusted upon final determination of construction packages/phasing.

General Scope of Work

The scope of work is for project management, inspection, and material testing services of the US 34 Reconstruction Projects. The construction work to be managed by these services are anticipated to be let via multiple separate construction contracts. The Project is located on US 34 in Larimer County between Estes Park and Loveland.

During Construction, CDOT anticipates utilizing:

- 1 - Consultant Project Engineer (with a PE License; CDOT experience preferred)
- 1 - Consultant Asst. Project Engineers
- 1 – Environmental/River Restoration Quality Manager
- 1 - Consultant Office Engineer/Document Control
- 10 - Consultant Inspectors (with ability to perform testing preferred) (previous CDOT experience preferred)
- 5 - Consultant Materials Testing Technicians (previous CDOT experience preferred)

Project Duration

The time period for the work described in this scope of work covers the period from approximately September 2015 to October 2018. Construction is anticipated from approximately late January 2016 to June 2018.

SPECIAL PROJECT REQUIREMENT: All work is to be performed under the direction and supervision, appropriate to the task, of a Colorado-Licensed Professional Engineer, a Colorado-Licensed Professional Land Surveyor for Surveying Services, a Certified Industrial Hygienist or as appropriate, any combination of the foregoing.

Interested Consultants:

The prime firm of each team must be on CDOT's list of prequalified consultants by August 21, 2014. Prequalification must be done annually.
