Interested Consultants,

This package is for your use in preparing your Statement of Interest (SOI)/Work Plan (WP) for the professional services selection process for the Colorado Department of Transportation (CDOT). The consultant is encouraged to follow the outline and page distribution indicated in these instructions. The selection panel members will have limited time to review the submittals. If the panel has difficulty finding the desired information, they may consider the submittal as non-responsive and a lower score may result. Consultants must be pre-qualified one week prior to the SOI/WP submittal deadline.

Pages in excess of the page limits for each section will be removed from the submittal.

CDOT'S SELECTION PROCESS IS SUMMARIZED AS FOLLOWS:

SOI/WP Pre-score Activity

The CDOT Contracting Officer reviews the SOI/WP for completeness and compliance with the newspaper advertisement and these instructions. If acceptable, the Contracting Officer transmits the SOI/WP package to each panel member. The package includes:

- SOI/WP Scoring Guidelines
- Draft Scope of Work
- Notice to Consultants
- Acceptance Checklist
- SOI/WP for Each Consultant

In addition to the package, CDOT's Contracting Officer E-mails every panel member their copy of the Excel Scoring Spreadsheet for this SOI/WP.

SOI/WP Scoring Activity

Prior to the selection panel meeting the following occurs:

- Every panel member scores every SOI/WP independently.
- The Civil Rights & Business Resource Center scores the Affidavit of Small Business Participation in the SOI/WP for small business participation. (10%)
-

Selection or Short-list Panel Meeting (90%)

A selection panel meeting is held to compile scores and discuss the panel member's evaluations of the consultant's SOI/WP based on the following criteria:

- | | |
|--|-----|
| <input type="checkbox"/> Project Team (includes capacity) | 15% |
| <input type="checkbox"/> Firm Capability | 15% |
| <input type="checkbox"/> Past Performance on Similar Projects or Similar Teams | 15% |
| <input type="checkbox"/> Project Goals | 10% |
| <input type="checkbox"/> Project Control | 10% |
| <input type="checkbox"/> Project Concept | 15% |
| <input type="checkbox"/> Project Critical Issues | 10% |

The selection panel reaches a consensus ranking of either the selected firm, if there is not going to be an optional presentation and interview phase, or the short list of firms (minimum of the top 3 qualified consultants), if there is going to be a presentation and interview phase. The panel provides its recommendation to the Agreements Officer, who obtains the concurrence of the Contract Administrator, and then provides selection documentation to the Chief Engineer for approval. The Chief Engineer's approval is necessary before the Agreements Office can proceed with selection notification or the interview phase.

Presentation and Interview Selection Panel Meeting

The short listed firms have two weeks to prepare their presentation for their interview with the selection panel. The purpose this meeting is to allow consultants time to present their analysis of the project and to allow the panel time to clarify the consultant's qualifications in a question and answer session.

In selections including an Interview Phase, the interview scores count for 20% of the overall score. Other scoring factors from the pre-shortlist evaluation and the shortlist meeting are adjusted accordingly.

Final Selection

In making the final selection recommendation to the Chief Engineer, the panel reaches consensus on the ranking of the selected firm. The panel provides its recommendation to the Contracting Officer, who obtains the concurrence of CDOT's Contract Administrator. Then the Contracting Officer provides selection documentation, including the board's ranking, to the Chief Engineer for approval. The Chief Engineer's approval is necessary before proceeding with selection notification.

SOI/WP Documentation

In addition to these instructions, the following documents are needed to prepare an SOI/WP and can be found on the CDOT consultant management web-site: <https://www.codot.gov/business/consultants/advertised-projects/2016>

SOI/WP Notice to Consultants Cover Memo

- Key Event Schedule (KES)
- Invitation for Consultant Services (Newspaper ad)
- Draft Scope of Work
 - This scope of work is subject to review by CDOT and may change.
 - Consultants should be aware that the final scope of work may involve input from the selected consultant.
- SOI/WP Preparation Instructions for consultants

Additional Requirements

- All firms submitting a SOI/WP must be pre-qualified at least seven calendar days prior to the SOI/WP submittal date. Pre-qualification must be done annually.
- Professional liability insurance and other insurance are required for the length of the contract from selected consultant. Proof of insurance must be submitted with the final cost proposal.

Pre-qualification and insurance questions should be directed to the Agreements Office, at 303-757-9006.

Consultant selection process questions should be directed to CDOT Engineering Contracts Branch Contracting Officer David Wells at 303-757-9480

The Agreements Office recommends that you prepare your SOI/WP in a 10 - 12 point font. If a smaller font is used, it may reflect negatively on your scores if panel members can not read your submission. A page for the submittal is defined as a standard 8-1/2 x 11 inch sheet of paper printed on one side only. If you notice any conflicts between the instructions and the guidelines in the public advertisement (notice to consultants), information in the public advertisement takes precedence.

Please do **not** include company prime or sub-consultant firm resumes, or staff resumes at this time.

Sincerely,

David Wells, Staff Authority Contracting Officer

DISADVANTAGED BUSINESS ENTERPRISE (DBE) & EMERGING SMALL BUSINESS (ESB) REQUIREMENTS

I. OVERVIEW

The Disadvantaged Business Enterprise (DBE) Program is a federally-mandated program that seeks to ensure non-discrimination in the award and administration of U.S. Department of Transportation (DOT)-assisted contracts and to create a level playing field on which DBEs can compete fairly for DOT-assisted contracts. To such end, the Colorado Department of Transportation (CDOT) may set a contract goal for DBE participation on any DOT-assisted contract, which can be found in the Invitation for Consultant Services.

The Emerging Small Business (ESB) Program is a CDOT-specific program that aims to help small businesses acquire the knowledge, experience, and resources needed to participate on CDOT construction, professional service, and research contracts. CDOT may set an ESB contract goal, which can be found in the Invitation for Consultant Services.

Each Consultant must submit an Affidavit of Small Business Participation within its statement of interest stating that it will make good faith efforts to meet the contract goal on the total value of the contract and on each task order (if applicable). The Consultant may make additional promises of ESB/DBE participation in the Affidavit of Small Business Participation for incentive points. These promises are called a “Small Business Target” and are enforced like a contract goal once promised.

Prior to contract award, the Consultant is required to submit a DBE/ESB utilization plan using B2G software. The Consultant is also required to provide a detailed participation plan with each task order (if any) by completing an Anticipated Participation Plan for Task Orders. A contract and/or task order will not be awarded until the Consultant demonstrates good faith efforts to meet the contract goal and Small Business Targets. CDOT will monitor the progress of the participation plan throughout contract performance to ensure that the consultant’s commitments are fulfilled. Modifications to the utilization plan and/or Anticipated Participation Plan for Task Orders must be approved by CDOT. CDOT may withhold payment or seek other contractual remedies if a consultant is in violation of the requirements of this contract.

For general assistance regarding the DBE and ESB programs, contact CDOT’s Civil Rights and Business Resource Center (CRBRC) at (303)757-9234. For questions regarding compliance during a project, contact the applicable regional civil rights office.

The determination of the regional civil rights office may be appealed to the Regional Transportation Director. The determination of the Civil Rights and Business Resource Center shall be appealable to the Chief Engineer.

V. ELIGIBLE PARTICIPATION

The following rules will be used to determine whether work performed by a Subconsultant qualifies as eligible participation to count toward the DBE Contract Goal, ESB Contract Goal and/or the Small Business Targets:

- a. *Approved Commitment for Work to be Performed.* The work performed by the DBE and/or ESB Subconsultant must be identified in an approved Commitment.
- b. *Certified Upon Submission of Commitment and Prior to Starting Work.* The Subconsultant must be certified upon submission of the Commitment and prior to starting work. For DBE firms this includes being certified in the work to be performed. CDOT will evaluate whether the work to be performed can reasonably be construed to fall under the Work Codes in which the DBE is certified. If a Subconsultant is decertified after the issuance of a contract and/or task order, the participation on such contract and/or task order by that DBE or ESB will continue to count.
- c. *Commercially Useful Function.* Only work performed by a DBE and/or ESB that performs a Commercially Useful Function in the work of the Contract will count.
- e. *Subcontracted Work.* When a DBE and/or ESB subcontracts part of the work of its contract to another firm, the value of the subcontracted work may only be counted if the subcontractor is also a certified firm. Work that a DBE and/or ESB subcontracts to a non-certified firm does not count. DBE and ESB firms may use an employee leasing company. Such participation will count if the certified firm maintains an employer-employee relationship with the leased employees. This includes being responsible for hiring, firing, training, assigning, and otherwise controlling the on-the-job activities of the employees, as well as ultimate responsibility for wage and tax obligations related to the employees.
- f. *Reasonable Fees.* The Consultant may count fees or commissions charged for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the Contract, provided that the

fee or commission is determined by CDOT to be reasonable and not excessive as compared with fees customarily allowed for similar services.

- g. *DBE and ESB Staffing Agencies.* Unless certified in the work to be performed, DBE staffing agencies only count toward the contract goal for placement fees and any hourly fee beyond the temporary employee's actual rate of pay.
- h. *Joint Ventures.* When a DBE and/or ESB performs as a participant in a joint venture, only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE and/or ESB performs with its own forces may count toward the contract goal. In order to receive credit, the joint venture agreement must be submitted as an attachment in the utilization plan submitted through B2G software and be reviewed by CDOT.
- i. *Received Payment for Work.* For purposes of determining whether the Consultant has met the contract goal and/or Small Business Targets at the end of the Contract, eligible participation shall be calculated based upon the total amount paid to DBEs and/or ESBs under the Contract.

VI. REPORTING & MODIFICATIONS

- a. *Prompt Pay Report.* The Consultant shall electronically submit prompt payment reports to CDOT through the B2G software each month. If no payment has been made, the Consultant shall document this in the prompt payment audit report.
- b. *Termination or Reduction.* Termination or Reduction of Commitments shall only be permitted at the discretion of CDOT based upon a demonstration of good cause by the Consultant. Consultants may request modification approval by submitting revised Small Business Participation Plan to CDOT. The Consultant may not Terminate or Reduce a Commitment without CDOT approval.
 - i. *Notice of Termination or Reduction to Subconsultant.* The Consultant must give notice in writing to a DBE and/or ESB Subconsultant of the Consultant's intent to Terminate or Reduce the Subconsultant's work before requesting approval for the modification, with a copy to CDOT. Unless otherwise waived in writing by the DBE or ESB, the Consultant must give the DBE/ESB five (5) days to respond to the Consultant's notice and advise CDOT of the reasons, if any, that it objects to the proposed Termination or Reduction and why the Consultant's action should not be approved. . If required in a particular case as a matter of public necessity (e.g., safety), CDOT may waive or reduce the period to respond. The DBE/ESB firm may also voluntarily waive the response period. Examples of good cause justifications can be found in 49 CFR Part 26.53(f)(3).
 - ii. *Substitution.* When a Commitment is Terminated or a small business fails to complete its work on the Contract for any reason, the Consultant shall make Good Faith Efforts to find another firm to perform at least the same amount of work under the Contract as the Subconsultant that was Terminated.
 - iii. *Termination, Reduction and Substitutions Requests.* Following the five (5) day response period for termination or reductions, the Consultant shall request the termination or reduction from CDOT by submitting a revised Small Business Participation Plan for approval. If the Consultant is unable to find commensurate substitution, the Consultant shall provide documentation of the Consultant's Good Faith Efforts to CDOT within the request. If CDOT requests additional documentation, the Consultant shall submit the documentation within seven (7) days, which may be extended for an additional seven (7) days if necessary at the request of the Consultant. CDOT shall provide a written determination to the Consultant stating whether or not Good Faith Efforts have been demonstrated.

VII. ENFORCEMENT

- a. *Investigation.* CDOT may conduct reviews or investigations of participants as necessary. All participants, including, but not limited to, DBE Subconsultants and applicants for DBE certification, ESB Subconsultants and applicants for ESB certification, complainants, and Consultants using Subconsultants to meet the contract goal are

required to cooperate fully and promptly with compliance reviews, certification reviews, investigations, and other requests for information.

- b. *Falsification and Misrepresentation.* If CDOT determines that a Consultant or Subconsultant was a knowing and willing participant in any intended or actual subcontracting arrangement contrived to artificially inflate DBE and/or ESB participation or any other business arrangement determined by CDOT to be unallowable, or if the Consultant engages in repeated violations, falsification or misrepresentation, CDOT may:
 - i. Refuse to count any fraudulent or misrepresented DBE/ESB participation;
 - ii. Withhold progress payments to the Consultant commensurate with the violation;
 - iii. Reduce the Consultant's prequalification status;
 - iv. Refer the matter to the Office of Inspector General of the US Department of Transportation for investigation; and/or
 - v. Seek any other available contractual remedy.
- c. *Failure to Obtain Consent for DBE/ESB Termination or Reduction or to Make Good Faith Efforts.* In accordance with 49 CFR Part 26.53(f)(1)(i), a Consultant shall not be entitled to payment for any work or material performed by an unapproved Subconsultant as a result of an unapproved Termination or Reduction of a certified Subconsultant. Additionally, the Consultant shall not receive payment for any portion of the Contract in which the Consultant did not demonstrate Good Faith Efforts to meet the Contract Goal. The Consultant will not be subject to duplicate reduction for the same offense. CDOT may adjust the payment reduction wherein the Consultant demonstrates Good Faith Efforts.
