MODIFIED 6/10/2016

Interested Consultants,

Please note that this solicitation is for two tiers (5M/1M), consultants must acknowledge what tier level they are proposing on the cover sheet of their proposal. Consultants are only able to propose on one tier.

This solicitation is also posted concurrently with the NPS Construction management Front Range Solicitation. These are separate solicitations, and firms that are interested in both are encouraged to propose on both solicitations.

This package is for your use in preparing your Statement of Interest (SOI)/Work Plan (WP) for the professional services selection process for the Colorado Department of Transportation (CDOT). The consultant is encouraged to follow the outline and page distribution indicated in these instructions. The selection panel members will have limited time to review the submittals. If the panel has difficulty finding the desired information, they may consider the submittal as non-responsive and a lower score may result. Consultants must be pre-qualified one week prior to the SOI/WP submittal deadline.

Pages in excess of the page limits for each section will be removed from the submittal.

CDOT'S SELECTION PROCESS IS SUMMARIZED AS FOLLOWS:

SOI/WP Pre-score Activity

The CDOT Contracting Officer reviews the SOI/WP for completeness and compliance with the newspaper advertisement and these instructions. If acceptable, the Contracting Officer transmits the SOI/WP package to each panel member. The package includes:

- SOI/WP Scoring Guidelines
- Draft Scope of Work
- Notice to Consultants
- Acceptance Checklist
- SOI/WP for Each Consultant

In addition to the package, CDOT's Contracting Officer E-mails every panel member their Salesforce Scoring Sheet for this SOI/WP.

SOI/WP Scoring Activity

- Prior to the selection panel meeting the following occurs:
 - Every panel member scores every SOI/WP independently.
 - The Business Programs Office scores every SOI/WP for Underutilized Disadvantaged Business Enterprise (UDBE) participation.
 - The Business Programs Office scores every SOI/WP for Emerging Small Business (ESB) participation.

- The Agreements Office Contracting Officer scores every SOI/WP for workload factor (new scoring criteria).

Selection or Short-list Panel Meeting

A selection panel meeting is held to compile scores and discuss the panel member's evaluations of the consultant's SOI/WP based on the following criteria:

- Project Team – 40%
- Firm Capability - 30
- Approach – 20%
- DBE/ESB – 10%

The selection panel reaches a consensus ranking of the selected firm, the panel provides its recommendation to the Contracting Officer, who obtains the concurrence of the Contract Administrator, and then provides selection documentation to the Chief Engineer for approval. The Chief Engineer's approval is necessary before the Agreements Office can proceed with selection notification or the interview phase.

Final Selection

In making the final selection recommendation to the Chief Engineer, the panel reaches consensus on the ranking of the selected firm. The evaluation panel will then choose from the most highly qualified firms which package to place a selected consultant. The panel provides its recommendation to the Contracting Officer, who obtains the concurrence of CDOT's Contract Administrator. Then the Contracting Officer provides selection documentation, including the board's ranking, to the Chief Engineer for approval. The Chief Engineer's approval is necessary before proceeding with selection notification.

SOI/WP Documentation

In addition to these instructions, the following documents are needed to prepare an SOI/WP and can be found on the CDOT consultant management web-site:

<https://www.codot.gov/business/consultants/advertised-projects/2015>

SOI/WP Notice to Consultants Cover Memo

- Key Event Schedule (KES)
- Invitation for Consultant Services (Newspaper ad)
- Draft Scope of Work
 - This scope of work is subject to review by CDOT and may change.
 - Consultants should be aware that the final scope of work may involve input from the selected consultant.
- SOI/WP Preparation Instructions for consultants

Additional Requirements

- All firms submitting a SOI/WP must be pre-qualified by the SOI/WP submittal date. Pre-qualification must be done annually.
- Professional liability insurance and other insurance are required for the length of the contract from selected consultant. Proof of insurance must be submitted with the final cost proposal.

Pre-qualification and insurance questions should be directed to the Agreements Office, at 303-757-9006.

Consultant selection process questions should be directed to CDOT Engineering Contracts Unit

Contracting Officer Marguerite (Maggie) Molinas at 303-757-9398.

The Agreements Office recommends that you prepare your SOI/WP in a minimum of 10 or a maximum of 12 point font. If a smaller font is used, it may reflect negatively on your scores if panel members can not read your submission. A page for the submittal is defined as a standard 8-1/2 x 11 inch sheet of paper printed on one side only. If you notice any conflicts between the instructions and the guidelines in the public advertisement (notice to consultants), information in the public advertisement takes precedence.

Please do **not** include company prime or sub-consultant firm resumes, or staff resumes at this time.

Sincerely,

Marguerite Molinas, Lead Contracting Officer
Engineering Contracts Unit
