

ADDENDUM TO SOLICITATION

5/06/2016

This Addendum modifies the Solicitation Document(s) for Region 4 Project Specific US34/85 Reconstruction Design Services only to the extent indicated herein. All other areas not specifically mentioned or affected by this Addendum shall remain in full force. This Addendum shall be added as a part of the RFP Documents.

=====

This Addendum is issued for four (4) reason(s): (1) to extend the SOI submittal deadline by one (1) week, for a new deadline of 12:00 PM (MST), May 19, 2016; (2) to provide opportunity to request and look over the supplemental documents referenced in the RFP; (3) to correct two errors in the Solicitation document (the number of hard copies requested and prequalification date); and (4) to clarify the change to evaluations of team capacity in the SOI Scoring Factors.

- (1) The following documents included in the original solicitation are impacted by this Addendum, and updated versions of these documents are attached hereto for reference:**
 - a. Solicitation**
 - b. SOI Instructions**
 - c. Key Events Schedule**

- (2) The following documents referenced in the Scope of Work shall be made available to any requesting consultants by the Project Manager in a manner which he deems to be appropriate and conducive to fair and open competition:**
 - a. FIR designs for the rehabilitation of structures C-18-AO and C-18-BH**
 - b. As-constructed roadway, structure, and existing ROW plans.**
 - c. Interchange Improvement Feasibility Study (2001).**

- (3) The Solicitation document has been modified to resolve any inconsistency.**
 - a. The correct number of hard copy SOIs to submit is seven (7).**
 - b. The deadline for prequalification is 5/12/2016.**

- (4) To avoid confusion, there was a reference to capacity as an independent scoring factor in the SOI Instructions document that has been removed. Please note that Capacity is no longer a distinct area of evaluation for SOIs. Capacity is still considered, but is now considered as part of the "Project Team" evaluation factor. You MAY still include information and graphics on personnel capacity but it is not a requirement. CDOT considers the decision to and/or method of presenting capacity to be an independent business decision on the part of the consultant teams and is not able to provide further guidance to consultants at this time.**

END OF ADDENDUM

=====

This addendum does not represent a material change and is not required to be signed and returned with the consultant response.
