Interested Consultants,

This package is for your use in preparing your Statement of Interest (SOI)/Work Plan (WP) for the professional services selection process for the Colorado Department of Transportation (CDOT). The consultant is encouraged to follow the outline and page distribution indicated in these instructions. The selection panel members will have limited time to review the submittals. If the panel has difficulty finding the desired information, they may consider the submittal as non-responsive and a lower score may result. Consultants must be pre-qualified one week prior to the SOI/WP submittal deadline.

Pages in excess of the page limits for each section will be removed from the submittal.

CDOT'S SELECTION PROCESS IS SUMMARIZED AS FOLLOWS:

SOI/WP Pre-score Activity

The CDOT Contracting Officer reviews the SOI/WP for completeness and compliance with the newspaper advertisement and these instructions. If acceptable, the Contracting Officer transmits the SOI/WP package to each panel member. The package includes:

- SOI/WP Scoring Guidelines
- Draft Scope of Work
- Notice to Consultants
- Acceptance Checklist
- SOI/WP for Each Consultant

In addition to the package, CDOT's Contracting Officer E-mails every panel member their copy of the Excel Scoring Spreadsheet for this SOI/WP.

SOI/WP Scoring Activity

- Prior to the selection panel meeting the following occurs:
 - Every panel member scores every SOI/WP independently.
 - The Business Programs Office scores every SOI/WP for Underutilized Disadvantaged Business Enterprise (UDBE) participation.
 - The Business Programs Office scores every SOI/WP for Emerging Small Business (ESB) participation.
 - The Agreements Office Contracting Officer scores every SOI/WP for workload factor (new scoring criteria).

The workload factor is based on the amount of new contracts awarded to the consultant in the previous two years. The scoring scale will be evaluated each year, based on the total dollar amount of new contracts awarded to all consultants during the two prior calendar years (CY) to assure that it remains current and relevant to the amount of work that consultants have with the Department.

For FY 2015 – FY 2016 the scale is as follows:

\$00.00 - \$3 million	5 points
>\$3 million to \$6 million	4 points
>\$6 million to \$9 million	3 points
>\$9 million to \$12 million	2 points
Over \$12 million	1 point

The Agreements Office evaluates this factor prior to the selection meeting. The total value of all contracts awarded to each consultant for the two years preceding the SOI/WP submittal date are included. This factor comprises 15 percent of the total score. The workload score is not provided to the selection board until the selection meeting, after each of the panel members have already scored all consultant submittals and they have reached consensus on all of their scoring factors.

Selection or Short-list Panel Meeting (75%)

A selection panel meeting is held to compile scores and discuss the panel member's evaluations of the consultant's SOI/WP based on the following criteria:

- Project Team
- Firm Capability
- Past Performance on Similar Projects or Similar Teams
- Work Location
- Project Goals
- Project Control
- Project Concept
- Project Critical Issues

The selection panel reaches a consensus ranking of either the selected firm, if there is not going to be an optional presentation and interview phase, or the short list of firms (minimum of the top 3 qualified consultants), if there is going to be a presentation and interview phase. The panel provides its recommendation to the Agreements Officer, who obtains the concurrence of the Contract Administrator, and then provides selection documentation to the Chief Engineer for approval. The Chief Engineer's approval is necessary before the Agreements Office can proceed with selection notification or the interview phase.

Final Selection

In making the final selection recommendation to the Chief Engineer, the panel reaches consensus on the ranking of the selected firm. The panel provides its recommendation to the Contracting Officer, who obtains the concurrence of CDOT's Contract Administrator. Then the Contracting Officer provides selection documentation, including the board's ranking, to the Chief Engineer for approval. The Chief Engineer's approval is necessary before proceeding with selection notification.

SOI/WP Documentation

In addition to these instructions, the following documents are needed to prepare an SOI/WP and can be found on the CDOT consultant management web-site: <https://www.codot.gov/business/consultants/advertised-projects/2016>

SOI/WP Notice to Consultants Cover Memo

- Key Event Schedule (KES)
- Invitation for Consultant Services (Newspaper ad)
- Consultant Evaluation Excel Scoring Spreadsheet (Example)
- Draft Scope of Work

- This scope of work is subject to review by CDOT and may change.
 - Consultants should be aware that the final scope of work may involve input from the selected consultant.
- SOI/WP Preparation Instructions for consultants

Additional Requirements

- All firms submitting a SOI/WP must be pre-qualified at least seven calendar days prior to the SOI/WP submittal date. Pre-qualification must be done annually.
- Professional liability insurance and other insurance are required for the length of the contract from selected consultant. Proof of insurance must be submitted with the final cost proposal.

Pre-qualification and insurance questions should be directed to the Agreements Office, at 303-757-9006.

Consultant selection process questions should be directed to CDOT Engineering Contracts Branch Contracting Officer Marguerite (Maggie) Molinas at 303-757-9398

The Agreements Office recommends that you prepare your SOI/WP in a 10 - 12 point font. If a smaller font is used, it may reflect negatively on your scores if panel members can not read your submission. A page for the submittal is defined as a standard 8-1/2 x 11 inch sheet of paper printed on one side only. If you notice any conflicts between the instructions and the guidelines in the public advertisement (notice to consultants), information in the public advertisement takes precedence.

Please do **not** include company prime or sub-consultant firm resumes, or staff resumes at this time.

Sincerely,

Marguerite Molinas, Lead Contracting Officer
Engineering Contracts Branch

Notice for Professional Consultants**

CONTRACT REQUIREMENT FOR INTERESTED CONSULTANTS

Effective January 1, 2015 all consultant firms submitting SOI and Work Plan as "Prime" and / or "Sub-Consultant", for Advertisements and Solicitations, must have an "*Audited Indirect Cost (overhead) Rate*" that complies with Federal Acquisition Regulations (FAR) and AASHTO Audit Guide and a CDOT Master Pricing Agreement in order to compete and be eligible for contract award.

Interested firms that do not have a current audited indirect cost rate, and bill on a "Fee Schedule" may request a waiver of this policy from the CDOT Chief Engineer, who will consider factors relevant to the audited rate. Waivers are granted at the Chief Engineer's sole discretion.
