Interested Consultants,

This package is for your use in preparing your Statement of Interest (SOI)/Work Plan (WP) for the professional services selection process for the Colorado Department of Transportation (CDOT). The consultant is encouraged to follow the outline and page distribution indicated in these instructions. The selection panel members will have limited time to review the submittals. If the panel has difficulty finding the desired information, they may consider the submittal as non-responsive and a lower score may result. Consultants must be pre-qualified one week prior to the SOI/WP submittal deadline.

Pages in excess of the page limits for each section will be removed from the submittal.

CDOT'S SELECTION PROCESS IS SUMMARIZED AS FOLLOWS:

SOI/WP Pre-score Activity

The CDOT Contracting Officer reviews the SOI/WP for completeness and compliance with the newspaper advertisement and these instructions. The Contracting Officer transmits the SOI/WP package to each panel member. The package includes:

- SOI/WP Scoring Guidelines
- Draft Scope of Work
- Notice to Consultants
- Acceptance Checklist
- SOI/WP for Each Consultant

In addition to the package, CDOT's Contracting Officer sends every panel member their Scorebook for this SOI/WP.

SOI/WP Scoring Activity

Prior to the selection panel meeting the following occurs:

- Every panel member scores every SOI/WP independently. (90%)
- The Civil Rights & Business Resource Center scores the Affidavit of Small Business Participation in the SOI/WP for small business participation. (10%).

PLEASE NOTE: Workload factor has been suspended indefinitely beginning 8/01/2016 and will not be scored for this solicitation.

Selection or Short-list Panel Meeting (Now 90%)

A selection panel meeting is held to compile scores and discuss the panel member's evaluations of the consultant's SOI/WP based on the following criteria:

- ❑ Project Team – (includes capacity) - 20%
- ❑ Firm Capability – 20%
- ❑ Project Goals – 10%
- ❑ Project Control – (includes Project Planning & Contract Administration) -15%
- ❑ Project Concept – 15%
- ❑ Project Critical Issues – 10%

The selection panel reaches a consensus ranking of either the selected firm, if there is not going to be an optional presentation and interview phase, or the short list of firms (minimum of the top 3 qualified consultants), if there is going to be a presentation and interview phase. The panel provides its recommendation to the Agreements Officer, who obtains the concurrence of the Contract Administrator, and then provides selection documentation to the Chief Engineer for approval. The Chief Engineer's approval is necessary before the Agreements Office can proceed with selection notification or the interview phase.

Presentation and Interview Selection Panel Meeting

The short listed firms have two weeks to prepare their presentation for their interview with the selection panel. The purpose this meeting is to allow consultants time to present their analysis of the project and to allow the panel time to clarify the consultant's qualifications in a question and answer session.

In selections including an Interview Phase, the interview scores count for 20% of the overall score. Other scoring factors from the pre-shortlist evaluation and the shortlist meeting are adjusted accordingly.

Final Selection

In making the final selection recommendation to the Chief Engineer, the panel reaches consensus on the ranking of the selected firm(s). The panel provides its recommendation to the Contracting Officer, who obtains the concurrence of CDOT's Contract Administrator. Then the Contracting Officer provides selection documentation, including the board's ranking, to the Chief Engineer for approval. The Chief Engineer's approval is necessary before proceeding with selection notification.

SOI/WP Documentation

In addition to these instructions, the following documents are needed to prepare an SOI/WP and can be found on the CDOT consultant management web-site:

<https://www.codot.gov/business/consultants/advertised-projects/2017>

SOI/WP Notice to Consultants Cover Memo

- ❑ Key Event Schedule (KES)
- ❑ Invitation for Consultant Services (Newspaper ad)
- ❑ Draft Scope of Work
 - This scope of work is subject to review by CDOT and may change.
 - Consultants should be aware that the final scope of work may involve input from the selected consultant.
- ❑ SOI/WP Preparation Instructions for consultants

Additional Requirements

- All firms submitting a SOI/WP must be pre-qualified at least seven calendar days prior to the SOI/WP submittal date. Pre-qualification must be done annually.
- Professional liability insurance and other insurance are required as designated in the Consultant Agreement. Proof of insurance must be submitted with the final cost proposal.
- DBE Affidavit of Small Business Participation form must be signed and included in the SOI/WP Package.

Consultant selection process questions should be directed to CDOT Engineering Contracts Branch Contracting Officer Marguerite (Maggie) Molinas at 303-757-9398.

The Engineering Contracts Unit recommends that you prepare your SOI/WP in a 10 - 12 point font. If a smaller font is used, it may reflect negatively on your scores if panel members cannot read your submission. A page for the submittal is defined as a standard 8-1/2 x 11 inch sheet of paper printed on one side only. If you notice any conflicts between the instructions and the guidelines in the public advertisement (notice to consultants), information in the public advertisement takes precedence.

Please do **not** include company prime or sub-consultant firm resumes, or staff resumes at this time.

Sincerely,

Pehle Colletta, Contracting Officer
