The Contracting Officer transmits the Proposal package to each panel member through the Salesforce platform. The package includes:

- Proposal Scoring Guidelines
- Draft Scope of Work
- Proposal for each Consultant

Proposal Scoring Activity

Prior to the selection panel meeting the following occurs:

- Every panel member scores every Proposal independently. (90%)
- Scoring is based on the following criteria:

1.00	Minimum Score = Unsatisfactory
2.00	Satisfactory Minus
3.00	Meets Requirements = Satisfactory
4.00	Satisfactory Plus
5.00	Maximum Score = Superior

- The Civil Rights & Business Resource Center (CRBRC) scores the Affidavit of Small Business Participation in the Proposal for small business participation. (10%)

Selection or Short-list Panel Meeting (90%)

A selection panel meeting is held to compile scores and discuss the panel member's evaluations of the consultant's Proposal based on the following criteria:

- ❑ Project Team – 30 %
- ❑ Firm Capability – 35 %
- ❑ Approach – 25 %

Small Business Participation (10%)

The CRBRC scores the Proposal based on a variety of factors pertaining to small business participation and contract compliance oversight. This is a NPS contract and the CRBRC will score the Proposal according to the rubric outlined in Section 7 below.

Selection Panel Meeting

The selection panel reaches a consensus ranking of either the selected firm, if there is not going to be an optional presentation and interview phase, or the short list of firms (minimum of the top 3 qualified consultants) if there is going to be a presentation and interview phase.

Presentation and Interview Selection Panel Meeting

If the panel elects to exercise their option to interview the short-listed teams, the short-listed firms will have approximately two weeks to prepare their presentation for their interview with the selection panel. The purpose this meeting is to allow consultants time to present their analysis of the project and to allow the panel time to clarify the consultant's qualifications in a question and answer session. Additional details related to the interview will be emailed to the shortlisted teams in advance of the interview.

In selections including an Interview Phase, the interview scores count for 20% of the overall score. Other scoring factors from the pre-shortlist evaluation and the shortlist meeting are adjusted accordingly.

Final Selection

In making the final selection recommendation to the Chief Engineer, the panel reaches consensus on the ranking of the selected firm(s). The panel provides its recommendation to the Contracting Officer, who obtains the concurrence of CDOT's Contract Administrator. Then the Contracting Officer provides selection documentation, including the board's ranking, to the Chief Engineer for approval. The Chief Engineer's approval is necessary before proceeding with selection notification.

Debriefs

All proposers are entitled to a debrief. The debrief will be a maximum of sixty minutes and the Contracting Officer and a member of the panel will be in attendance (maybe in person or remote). Comments and scores of the selection panel will be provided in advance of the meeting.
