Q1	<p>Question: SOW clarification</p> <p>Hoping to get clarification on CDOT vs consultant tasks:</p> <p>* Pg 3, Sect 1.6 states CDOT tasks includes geotech and materials but task table pg 42 C.2. shows materials as consultant and C.4. shows geotech as CDOT - please clarify what the consultant will provide</p> <p>* Pg 3, Sect 1.6 states Consultant tasks include structures but Task Table pg 49-52 C.10. shows CDOT completing structures - please clarify who is completing structure work</p> <p>Answer: CDOT Geotech will handle the structural borings (for retaining walls, larger CBC's), while the consultant will be asked to handle the borings/corings for the pavement, as well as the pipe material selection report and other items shown on page 42, C.2.</p> <p>CDOT will handle the structure designs. Section 1.6 in the originally published SOW is wrong in showing that the consultant will be responsible for structures. This has been changed in SOW published in Addendum 3 dated 6/23/2023.</p>	06/15/2023
Q2	<p>Question: SOW question</p> <p>Will SEA/ITS be needed on the project and will that be a CDOT or Consultant task?</p> <p>Answer: CDOT will handle the SEA portion. We will need consultant help for ITS design.</p>	06/15/2023
