The Department has published the 2019 edition of the CDOT M&S Standard Plans. Additional information on the 2019 M&S Standards can be found by accessing the standard plans page on the Department’s web site:
https://www.codot.gov/business/designsupport/standard-plans

The web page contains useful information regarding significant changes to the 2019 M&S Standards, plan list sheet, project support memos and links to all standards. The Colorado Department of Transportation will begin use of the 2019 edition on all projects advertised beginning on October 1, 2019. The PDF is available online now. Future years will follow the same publication schedule unless notice is given otherwise.

If you have any questions or comments, please contact Standards and Specifications Engineer Shawn Yu at 303-757-9474 or Traffic and Safety Engineer Manjari Dhat 303-757-9436.
