Double-sided Plan Sheets
2015 Number 2, Page 1 of 1
Date: May 29, 2015

Double-sided Plan Sheets

Effective immediately, when hardcopy printouts are required, it will be standard policy that all plan sheets, including Field Inspection Reviews (FIR), Design Office Reviews (DOR), and Final Office Reviews (FOR), be printed double-sided to conserve paper, unless doing so would render the image illegible. Double-sided will be the default selection.

This cost-saving measure was recommended by the Everyday Ideas Committee from a suggestion submitted by Greg Marcuson in Staff Bridge, and approved by PDAC.
