## Form 1299 - Plans, Specifications, and Estimate Checklist

**Form 1299: Plans, Specifications, and Estimate Checklist** had long been used as a design quality control tool but became obsolete in its previous inaccessible format, which contained some outdated content. The current version of this form, now published on the [About CDOT - CDOT Forms Catalog](#), has been updated and is fully accessible. Use of this form is highly encouraged as a means of developing a high-quality project advertisement package.

If you have any questions regarding this issuance or more general design quality control inquiries, please contact [jerome.estes@state.co.us](mailto:jerome.estes@state.co.us).
