5. Experience and General Information: (continued on page 2)

<p>1. Describe your major areas of work experience/expertise:</p> <p>As a construction company owner, experienced in profitability and bottom-line accountability. Construction projects range in value from \$500,000 to \$120 million and include airports, bridges, dams, highways, light industrial, office buildings, power plants, processing plants, renovations, schools, water and wastewater treatment plants, water pumping plants, and shopping centers.</p>
<p>2. Describe your experience with construction claims:</p> <p>Have experience in claims as a claimant, as well as in settling claims with owners, subcontractors and suppliers. Owners include Federal, State and local governments, as well as, private and corporate owners. Have also done consulting for parties in construction disputes and have acted as an expert witness.</p>
<p>3. Describe your knowledge of construction contract law:</p>

Between active duty and Reserve Navy training (retired as a Navy Civil Engineer Captian), have attended numerous schools, seminars and in-house training programs on construction contractr law. Have a strong background and training in government and private construction contracts and their administration. Have intrepreted contracts as a construction arbitrator and DRB member.

4. Describe your experience with construction contract administration:

With a strong background in engineering, construction and business, have a firm foundation for management and administration. I have a broad knowledge of all construction areas with strong scheduling and cost capabilities. For over 35 years, negotiated contracts and change orders with owners, general contractors and construction managers. As a general contractor, wrote and negotiated subcontracts, purchase agreements and change orders.

5. Describe your construction field experience:

As a bridge designer, have inspected many bridge construction projects. Oversaw the field construction inspection staff for the construction of the nine building Auraria Higher Education Center in Denver. Have worked as a superintendent on bridge and heavy construction projects, as well as, on-site project manager on power plants.

6. Describe your DRB (or arbitration) training, certification, and experience:

Have done many cases as a construction arbitrator for the American Arbitration Association. Have completed AAA Construction Arbitrator I and II courses and several continuing education courses including serving as an arbitrator on cases where parties are self-represented (pro-se). Participated in the Colorado Bar training for Mediation Excellence. Have attended CDOT/AAA/DRBF DRB training and CALTRANS/DRBF ttraining and am on the DRB candidate list for California. Have served on both standing and on demand DRB's on several CDOT projects, some as chairman.

7. Describe your employment/retirement status and availability to serve on a DRB and geographical area:

Retired from full-time employment but do some consulting work for contractors. Am available to serve anywhere in Colorado.

DRB members are compensated as per Section 105.22 of the CDOT Specifications.
