

COLORADO

Department of Transportation
Division of Project Support
Construction Services

DATE: May 7, 2025
TO: Colorado Counties and Municipalities
FROM: Markos Atamo, Ph.D., P.E. 
Branch Manager, Construction Engineering Services
SUBJECT: Publication - Standard Specifications for Road and Bridge Construction,
2025

The Department has published the 2025 edition of Standard Specifications for Road and Bridge Construction. This edition supersedes the 2023 edition. Additional information on the 2025 Standard Specifications, including a list of significant changes, can be found by accessing the Construction Specifications page on the Department's website: <https://www.codot.gov/business/designsupport/cdot-construction-specifications/2025-construction-specifications>

The Colorado Department of Transportation will begin use of the 2025 edition on all projects advertised for bids effective **July 1, 2025**. The PDF is available now online.

You may wish to use these specifications for your road and street construction program. Please be aware that if you reference these specifications for your contract work, you will be responsible for furnishing your prospective bidders copies of the specifications along with any addenda that may affect the contract.
