

Memorandum

Date: September 24, 2026

To: All holders of Standard Special Provisions

From: Bill Cornelius, Standards and Specifications Unit Manager *Bill Cornelius*

Subject: New standard special provision: Revision of 105 and 518, Expansion Devices: 0 to 4 Inch

As of September 23, 2026, this unit has issued the new standard special provision, Revision of 105 and 518, Expansion Devices: 0 to 4 Inch, with 3 pages, dated September 23, 2026.

Revision of Sections 105 and 518, Control of Work and Waterstops

- 105. In the entry for “518, Expansion Devices: 0-4 Inch” of Table 105-1, the Contractor P.E. Seal is not required
- 518.09 Elastomeric Expansion Devices - Contractor shall submit Shop drawings, not Working drawings.

Please use this on all projects with expansion devices.

This standard special provision will become mandatory in projects advertised on or after October 21, 2026. You may use this standard special provision in projects advertised before this date.

If you keep a Record of Standard Special Provisions, please include this new provision. The SSP is located under the Standard Special Provisions section, and the updated SSP Index is in the Recently Issued Special Provisions section of our 2025 [Construction Specifications Webpage](#).

If you have any questions or comments, please contact this office.
