

**TABLE OF CONTENTS – 22**

<b>Introduction:</b>	(1) Cover Page (2) Introduction (3) Dedication / List of Annual FMM Revisions, Additions & Deletions (4) Comments / Corrections Form CDOT Manuals using "Jotform" (5) Comments / Corrections Form CDOT Manuals using "Adobe Pdf".
<b>Table of Contents</b>	Table of Contents
<b>QA Procedures</b>	Quality Assurance Procedures for Construction and Materials Sampling & Testing
<b>Documentation, SMM/LIMS</b>	SMM / LIMS – Project Materials to Finals Materials
<b>Documentation, Adobe Sign</b>	Adobe Sign instructions for CDOT Form 473/474
<b>Documentation, Design-Build</b>	Design-Build Quality Assurance Program, Project Materials to Finals Materials
<b>Documentation, Non-SMM</b>	Project Materials to Finals Materials (Non-SMM/LIMS and Design Build, future development for CDOT Maintenance & Local Agencies)
<b>Contractors, Special Notice</b>	Special Notice to Contractors
<b>Schedule (Owner Acceptance)</b>	OA Frequency Guide Schedule for Minimum Materials Sampling, Testing, and Inspection
<b>Schedule (Independent Assurance)</b>	IA Frequency Guide Schedule for Evaluation of OA Sampling & Testing
<b>CP 10</b>	<b>Colorado Procedures 10</b> CP 10 Qualification of Testing Personnel and Laboratories
<b>CP 11</b>	<b>Colorado Procedures 11</b> CP 11 Quality Management Plans for the Qualified Manufacturers List (QML) or the Approved Products List (APL) CP 11-1 Asphalt Binder CP 11-2 Asphalt Emulsion CP 11-3 Hydraulic Cement CP-11-4 Fly Ash CP 11-5 Hydrated Lime CP 11-6 Steel Reinforcing Bars & Steel Dowel Bars CP-11-7 Epoxy Coaters for Reinforcing Steel CP-11-7a Epoxy Coaters QSM Checklist CP-11-8 Precast Concrete Structures CP-11-8a Precast Structures QSM Checklist CP-11-8b Precast Structures Certification Letter

<b>CP 12</b>	<b>Colorado Procedures 12</b>
CP 12A	Contractor's Hot Mix Asphalt Process Control Notebook
CP 12B	Contractor's Portland Cement Concrete Paving Process Control Notebook
CP 12C	Contractor's Excavation and Embankment Process Control Notebook
<b>CP 13</b>	<b>Colorado Procedure 13</b>
CP 13	Check Testing
<b>CP 14</b>	<b>Colorado Procedure 14</b>
CP 14	F and t-test Statistical Method
<b>CP 15</b>	<b>Colorado Procedure 15</b>
CP 15	Certification of Consultant Nuclear Moisture/Density Gauges
<b>CP 16</b>	<b>Colorado Procedure 16</b>
CP 16	Management of CDOT & Consultant Materials Testing
<b>CP 17</b>	<b>Colorado Procedure 17</b>
CP 17	Hot Mix Asphalt Test Results Verification and Dispute Resolution
<b>CP 20s</b>	<b>Colorado Procedures 20s - Soils</b>
CP 20	Dry Preparation of Disturbed Soil Samples for Test
CP 21	Mechanical Analysis of Soils
CP 23	Determining Maximum Dry Density and Optimum Moisture Content of Soil-Rock Mixtures
CP 24	Soil Surveys of Constructed Roadbeds
CP 25	Calculation of Percent Relative Compaction of Soils and Soil-Rock Mixtures
CP 26	Contractor Approval Process for Subgrade Stabilization
<b>CP 30s</b>	<b>Colorado Procedures 30s - Bases</b>
CP 30	Sampling of Aggregates
CP 31	Sieve Analysis of Aggregates
CP 32	Reducing Field Samples of Soil and Aggregate to Testing Size
CP 33	Total Evaporable Moisture Content and Surface Moisture Content of Aggregates by Drying
CP 37	Plastic Fines in Graded Aggregates and Soils by Sand Equivalent Test

<b>CP 40s</b>	<b>Colorado Procedures 40s – Asphalt</b>
CP 41	Sampling Hot Mix Asphalt
CP 42	Estimation of Asphalt Content in Hot Mix Asphalt through Back Calculations Using $G_{se}$
CP 43	Determining Moisture (Water) or Volatile Distillates Content of HMA
CP 44	Bulk Specific Gravity and Percent Relative Compaction of Compacted Bituminous Mixtures Using Saturated Surface-Dry Specimens
CP 45	Determining Percent of Particles with Two or More Fractured Faces
CP 46	Determination of Gradation of Aggregate in a Core from Asphalt Pavement
CP 47	Rejuvenating Agent Evaluation Procedure
CP 48	Determination of the Voids in the Mineral Aggregate (VMA)
<b>CP 50s</b>	<b>Colorado Procedures 50s - Asphalt</b>
CP 50	Calculation of Dust to Asphalt Ratio of Bituminous Mixes
CP 51	Determining the Maximum Specific Gravity of HMA
CP 52	Contractor Asphalt Mix Design Approval Procedures
CP 53	Determining Maximum Density of Cold In-Place Recycled Pavement
CP 54	Approval of Asphalt Mix Designs Using Plant Produced Material
CP 55	Reducing Field Samples of Hot Mix Asphalt to Testing Size
CP 56	Guidelines for Using Maximum Specific Gravity (Rice) of Project-Produced HMA to Change the Target Specific Gravity for Compaction Compliance
CP 57	Determining the “Free Moisture” in Cold In-Place Recycled Pavement
CP 58	Detecting and Measuring Temperature Segregation of HMA
CP 59	Warm Mix Asphalt Approval
<b>CP 60s</b>	<b>Colorado Procedures 60s - Concrete</b>
CP 61	Sampling Freshly Mixed Concrete
CP 62	Contractor Concrete Mix Design Approval Procedure
CP 63	The Box Test in Slip Form Paving of Fresh Concrete
CP 65	Evaluating Low Strength Test Results of Concrete Cylinders
CP 66	Delete effective 7-01-2015
CP 67	Determining Adhesion of Joint Sealant to Concrete Pavement
CP 69	Estimating the In-Place Concrete Strength by a Maturity Method
<b>CP 70s</b>	<b>Colorado Procedures 70s - Miscellaneous</b>
CP 71	Determining Quality Level (Percent within Tolerance Limits)
CP 74	Operating Inertial Profilers and Evaluating Pavement Profiles
CP 75	Stratified Random Sampling of Materials
CP 76	Verification of Equipment Used to Field Test Bituminous Mixtures
CP 77	Determination of Macro-Texture of a Pavement Surface
CP 78	Certification of High Speed Profilers

**CP 80s Colorado Procedures 80s - Nuclear**

CP 80 In-Place Density and Moisture Content of Soil and Soil-Aggregate by the Nuclear Method

CP 81 Density and Percent Relative Compaction of HMA Pavement by the Nuclear Method

CP 82 Field Correction of the In-Place Measurement of Density of Bituminous Pavement by the Nuclear Method

CP 85 Asphalt Cement Content of Asphalt Mixtures by the Nuclear Method

**Chapter 200 Soils PAGE**

General Soil Properties.....1

Laboratory Tests..... 2

Soil Surveys & Similarization..... 4

Rippability..... 5

Item 203 Embankment..... 5

Item 206 Structure Backfill ..... 7

Item 206 Filter Material ..... 7

Region Soil Survey Sampling Checklist..... 8

Definitions..... 12

CDOT Forms – Soils Examples Index ..... 15

**Chapter 300 Bases PAGE**

Item 206 Structure Backfill, Class 1 ..... 1

Item 304 Aggregate Base Course ..... 1

Item 308 Portland Cement and Fly Ash..... 3

CDOT Forms – Bases Examples Index ..... 3

**Chapter 400 Asphalt PAGE**

Bituminous Mixtures and Binders.....1

Item 403 Hot Mix Asphalt..... 2

Item 403 Superpave Mix Design..... 2

Item 411 Performance Graded Binders..... 2

Item 403 Hot Mix Asphalt, European Rutting Machines..... 3

Item 411 Asphalt Materials ..... 6

CDOT Forms – Asphalt Examples Index ..... 18

**Chapter 500 Structures/Steel/Miscellaneous PAGE**

Item 502 Piling..... 1

Item 503 Drilled Shafts ..... 1

Item 504 Soil Nail Walls..... 1

Item 506 Gabions and Slope Mattress ..... 1

Item 509 Structural Steel ..... 2

Item 509 Structural Steel (Galvanized)..... 2

Item 510 Structural Plate (Galvanized) ..... 2

Item 515 Waterproofing Membrane (Bridge Deck) ..... 2

CDOT Forms - .....3

<b>Chapter 600</b>	<b>Concrete &amp; Item 600</b>	<b>PAGE</b>
	Item 601 Structural Concrete .....	1
	Review of Contractors Mix Design.....	2
	Aggregates.....	2
	Compressive Strength.....	2
	Quality Assurance Program for CDOT Concrete Cylinder Testing.....	3
	Unit Weight, Yield, and Gravimetric Air Content of Concrete.....	7
	Excessive Water Demand.....	7
	Making and Curing Concrete Cylinders in the Field.....	7
	Documentation and Transfer of Concrete Cylinders.....	8
	Technical Complaints.....	9
	Air Entrainment.....	9
	Admixtures.....	10
	Item 602 Reinforcing Steel (Epoxy Coated).....	11
	Item 602 Reinforcing Steel .....	11
	Wire Mesh.....	12
	Corrugated Metal Pipe.....	13
	Spelter Damage Repair.....	13
	Concrete Culvert Pipe.....	13
	Vitrified Clay Pipe.....	14
	Pipe Joint Sealant Compound.....	14
	Item 604 Manholes.....	14
	Item 606 Guard Rail.....	14
	Item 606 End Anchors .....	15
	Item 607 Fence.....	15
	Item 613 Lighting.....	15
	Item 614 Traffic Control Devices .....	15
	Item 618 Post Tensioning Grout.....	16
	Item 624 Drainage Pipe .....	16
	CDOT Forms – Concrete Examples Index.....	17

<b>Chapter 700</b>	<b>Paints</b>	
	Item 708 Paints.....	1
	Structural Steel Bridge Paints.....	1
	Epoxy Coaters for Reinforcing Steel.....	1

**Chapter 800 Radiological Safety & Nuclear Gauge Operation (Deleted from FMM 2020)**  
 Note: A copy of Chapter 800 will be located with each Nuclear Gauge.  
 Additional Copies will be maintained with the Region Radiation Safety Officer.

**Materials Forms Materials Forms, Instructions & Examples**

**Electronic Documents Introduction to ProjectWise/Projectshare as per PD 21.1/508.1**

<b>Job Safety Analysis</b>	<b>PAGE</b>
Job Safety Analysis (JSA) – Materials Index

<b>Inspections: CDOT Central Laboratory of the Regions</b>	<b>PAGE</b>
I. Protocol for Open Laboratory Review of a CDOT Materials Testing Laboratory.....	1
II. Protocol for the Inspection of Region Materials Laboratories by the Central Materials Laboratory.....	2
(a) Report of Central Laboratory to Region Lab Inspection (Form #520) ...	3
(b) Equipment Calibration, Verification and Check Information.....	6
(c) Calibration/Verification, and Check of Equipment Inventory .....	7
(d) Summary of Tester Qualifications .....	8
III. Protocol for Round Robin Materials Testing of CDOT Region & Consultant Laboratories .....	9
IV. Protocol for the Audit of Region Materials IA Sampling and Testing Program by the Central Materials Laboratory.....	13
V. Protocol for the Audit of Region Materials Final Materials Review and Acceptance Process by the Central Materials Laboratory.....	15
VI. Protocol for the Audit of Local Agency Final Materials Review and Acceptance Process by the Central Materials Laboratory.....	17

<b>Appendix</b>	<b>PAGE</b>
A - Materials Advisory Committee (MAC) Charter.....	2
A - Independent Assurance (IA) Testers Committee Charter .....	6
A - Flexible Pavement Operator’s Group (FPOG) Charter.....	9
B - Task Force Management Guide.....	12
C - Personnel Roster, Staff & Region Materials .....	16
D - Definitions .....	22
E - Acronyms.....	27
F - Significant Publications .....	31
G- Colorado Procedures - Laboratory <i>Numeric Order</i> .....	32
H - Metric Conversion Tables.....	34
I - Materials Testing Accuracy Criteria .....	36
J - Laboratory Test Time.....	39
K - Establishing Lots or Process Control on the Project .....	41
L - Random Sampling .....	41
M- Sample Processing Procedure .....	42
N - Use of Laboratory Check Tests on More than One Project.....	42

**MATERIALS PAY ITEMS NUMERICAL LIST**

<b>Item No</b>	<b>Description</b>	<b>Item No</b>	<b>Description</b>
203	Compaction	506	Riprap (Gabions) and Slope Mattress
206	Structure Backfill	507	Slope and Ditch Paving
206	Filter Material	508	Timber Structures
206	Bed Course Material	509	Structural Steel
207	Topsoil	509	Structural Steel (Galvanized)
208	Silt Fence	510	Structural Plate Structures
209	Watering	512	Bearing Device
212	Seeding and Sodding	513	Drain Pipe
213	Mulching	514	Pipe Railing
214	Planting	515	Waterproofing Membrane
215	Transplanting	516	Damproofing
216	Soil Retention System	517	Waterproofing
217	Soil Sterilization	518	Expansion Devices and Waterstops
301	Plant Mix Bituminous Base Course	601	Structural Concrete
304	Aggregate Base Course	602	Reinforcing Steel
306	Reconditioning	603	Culverts
307	Lime Treated Subgrade	604	Sewers, Manholes, Inlets, and Meter Vaults
307	Hydrated Lime	605	Underdrains
307	Mineral Fillers	606	Guard Rail
308	Portland Cement Treated Base	607	Fences
308	Portland Cement, Fly Ash	608	Sidewalks
309	Lean Concrete Base	609	Curbing
310	Process Asphalt Mat	610	Median Cover Material
403	Hot Bituminous Pavement	611	Cattle Guard
405	Hot In-Place Recycle	612	Markers
406	Cold Bituminous Pavement (Recycle)	613	Lighting
408	Hot Poured Joint and Crack Sealer	614	Traffic Control Devices
409	Seal Coat	615	Water Control Devices
409	Cover Coat Material	616	Siphons
411	Bituminous Materials	617	Culvert Pipe
412	Portland Cement Concrete Pavement	618	Pre-stressed Concrete Structures
420	Geotextiles	619	Water Lines
501	Steel Sheeting Piling	622	Rest Areas and Buildings
502	Piling	623	Sprinkler System
503	Drilled Caissons	624	Corrosion Resistant Culverts
504	Cribbing	627	Pavement Marking
504	MSE Walls	641	Shotcrete
		708	Paints

**MATERIALS PAY ITEMS  
ALPHABETICAL LIST**

<b>Description</b>	<b>Item No</b>	<b>Description</b>	<b>Item No</b>
Aggregate Base Course .....	304	Markers .....	612
Anchor Bolts.....	613	Median Cover Material.....	610
Arch Pipe (Plate) .....	510	Mineral Fillers, Etc. ....	307
Asphalt Cement .....	411	Mulching (Straw) .....	213
Bearing Device .....	512	Mulching (Wood Cellulose) .....	213
Bed Course Material .....	206	PG Binder.....	411
Bituminous Base (Plant Mix).....	301	Paints .....	708
Bituminous Materials .....	411	Pavement Marking .....	627
Caissons (Drilled) .....	503	Piling .....	502
Cattle Guard.....	611	Piling (Steel Sheet).....	501
Cold Bituminous Pavement (Recycle).....	406	Pipe (Culvert).....	617
Compaction.....	203	Pipe (Drain).....	513
Concrete (Structural) .....	601	Pipe Railing .....	514
Concrete Units (Pre-stressed).....	618	Plant Mix Bituminous Base Course.....	301
Copper (Sheet).....	511	Planting.....	214
Corrosion Resistant Culverts .....	624	Plate Pipe (Structural) .....	510
Cover Coat Material.....	409	Polyethylene Sheeting.....	610
Cover Material (Median) .....	610	Portland Cement .....	308
Cribbing.....	504	Portland Cement Concrete Pavement.....	412
Culverts.....	603	Preform Bridge Compression Joint Sealer..	518
Culvert Pipe.....	617	Pre-stressed Concrete Structures.....	618
Curbing.....	609	Process Asphalt Mat.....	310
Damproofing.....	516	Railing (Pipe).....	514
Drain Pipe .....	513	Reconditioning.....	306
Drilled Caissons.....	503	Reinforcing Steel .....	602
Emulsion .....	411	Rest Areas and Buildings .....	622
Expansion Devices and Waterstops.....	518	RipRap.....	506
Filter Material .....	206	Seal Coat.....	409
Gabions.....	506	Seeding and Sodding .....	212
Galvanized Structural Steel.....	509	Sewers, Manholes, Inlets, Meter Vaults.....	604
Geotextiles.....	420	Shotcrete .....	641
Guard Rail .....	606	Sidewalks.....	608
Hot Bituminous Pavement.....	403	Silt Fence .....	208
Hot In-Place Recycle .....	405	Soil Retention System.....	216
Hot Poured Joint and Crack Sealer .....	408	Siphons .....	616
Humus.....	214	Slope and Ditch Paving .....	507
Hydrated Lime .....	307	Slope Mattress.....	506
Inlets .....	604	Sprinkler System.....	623
Joint Seal (Preformed) .....	518	Steel (Reinforcing) .....	602
Lean Concrete Base .....	309	Steel Sheet Piling .....	501
Lighting .....	613	Steel (Structural).....	509
Lime Treated Subgrade.....	307	Structural Concrete .....	601
Liquid Asphalt .....	411	Structural Plate Pipe.....	510
MSE Wall.....	504	Structural Steel.....	509
Manholes .....	604	Structural Steel Galvanized .....	510
