**JUSTIFICATION**

I hereby certify that it is in the public interest to specify the above named proprietary item or process for the following reasons: (Check all that apply)

- It is essential for synchronization.(Certification only)
- No equally suitable alternative exists.(Certification only)
- It will be used for research or experimental purposes on short sections of road. (Such use must be processed through the Research Branch of DTD. Attach documentation from DTD.) (FIPI only)
- It is in the public interest not to allow any other products even though other equally acceptable materials or products are available. (FIPI only)

JUSTIFICATION (required). Justification consists of information that documents the reasons marked above for use of the proprietary item or process. For research or experimentation include a work plan that describes how the research or experimental feature will be used and evaluated. Attach additional pages and documentation as necessary.

CCD uses a Panasonic camera for traffic surveillance. This Pole Mount Bracket is currently in use with the Panasonic cameras which are compatible with CCD's current system. Using a uniform system allows the City and TV stations to view all video information. The overall cost to the public will result in substantial savings as the City will not need to rewrite and integrate various manufacturers. There is also a cost savings as no new training and maintenance equipment will be needed.
