Comments:

This Colorado Construction Cost Index is composed of six indicator items and based on bid prices relative to the unit prices of 1987 (unit index=100).

Earthwork (Excavation and Embankment):

The average price was \$5.84 a cu. yd. which is up \$1.90 from the previous quarter. Increased fuel costs and long haul distances to certain projects contributed to the higher average price.

Hot Bituminous Pavement:

The average price was \$35.97 a ton which is down \$0.06 from the previous quarter. Good competition on asphalt projects bid this quarter contributed to this low bid price.

Concrete Pavement:

The average price was \$28.42 sq. yd. which is down \$2.71 from the previous quarter. This quarter had a larger concrete pavement project while last quarter had small quantity concrete projects.

Structural Steel:

The average price was \$1.13 a lb which is up \$0.41 from the 2003 year average price. Steel prices have increased due to higher manufacturing, supplier costs and increased worldwide steel demand.

Structural Concrete:

The average price was \$297.92 a cu. yd. which is up \$0.23 from the previous quarter. The current quarter average price is somewhat higher compared to the average bid price of \$289.44 a lb. for the entire year 2003.

Reinforcing Steel:

The average price was \$0.78 a lb which is up \$0.07 a lb from the previous quarter. This was due to increased cost for steel products.

ADDITIONAL INFORMATION:

For the 2nd quarter, the category indices showing an increase were Earthwork, Structural Concrete, Structural Steel and Reinforcing Steel. The Index level decreased for Hot Bituminous Pavement, and Concrete Pavement.

49 projects were bid and awarded this quarter for a total of \$86,475,685.79. By comparison, 56 projects were bid last quarter.

The six categories for CCI items totaled \$38,173,869.54 which is 44.1% of total awarded amount. The competition for projects decreased from 5.11 to 4.37 bidders for each project on average.

7 maintenance contract projects were bid this quarter. No metric projects were bid this quarter. No Design/Build or Lump Sum projects were bid this quarter.
