Colorado Construction Cost Index

Comments:

This Colorado Construction Cost Index is composed of six indicator items and based on bid prices relative to the unit prices of 1987 (unit index=100). The Index varies due to type and location of projects in addition overall economic conditions.

Earthwork (Excavation and Embankment):

The average price was \$7.03 a cu. yd. which is down \$3.65 from the previous quarter. Several big projects across the state having large quantities contributed to this decline.

Hot Mix Asphalt:

The average price was \$74.90 a ton which is up \$16.05 from the previous quarter. The third quarter experienced record setting oil prices which in turn translated into higher fuel and asphalt cement prices.

Concrete Pavement:

The average price was \$26.79 a sq. yd. which is down \$1.61 from the previous quarter. Single projects in Region 1 and Region 4 having relatively large quantities contributed to the decline.

Structural Steel:

There was insignificant amount of structural steel bid this quarter.

Structural Concrete:

The average price was \$439.17 a cu. yd. which is up \$12.97 from the previous quarter. Several projects with small quantities and an increase in fuel prices contributed to the increase.

Reinforcing Steel:

The average price was \$0.91 a lb which is down \$0.20 from the previous quarter. Several projects with large quantities and abundant supply compared to recent quarters contributed to the price decline.

ADDITIONAL INFORMATION:

For the 3rd quarter, the category indices showing an increase were Hot Mix Asphalt and Structural Concrete. The category indices showing a decrease were Earthwork, Concrete Pavement and Reinforcing Steel.

39 projects were bid and awarded this quarter for a total of \$176,263,909.24. By comparison, 43 projects were bid last quarter. The six categories for CCI items totaled \$54,834,277.09 which is 31.1% of total awarded amount. 9 maintenance contract projects were bid this quarter. No metric, Design/Build, or Lump Sum projects were bid this quarter.

The competition for projects increased to 3.90 bidders from 3.28 bidders for each project on average.
