## Project Control Diagram Title Sheet Project Number: XXXXX Project Location: XXXXX roject Code: Last Mod. Date

SURVEYOR STATEMENT (PROJECT CONTROL DIAGRAM)

I, , a professional land surveyor licensed in the State of Colorado, do hereby state to the Colorado Department of Transportation this Project Control Diagram was prepared and the field survey it represents was performed under my responsible charge and, based upon my knowledge, information and belief is in accordance with applicable standards of practice defined by Colorado Department of Transportation publications. This statement is not a quaranty or warranty, either expressed or implied

HIGH ACCURACY REFERENCE

CM-MP - Control Point Monuments set by CDDT. They are CDDT Type 2 monuments, a  $3\frac{1}{4}$ " dia. aluminum control monument cap (as shown) on a  $3' \times \frac{3}{4}''$  dia. aluminum security rod on a  $3' \times \frac{3}{4}''$  dia. smooth aluminum rod.

#### General Notes:

- 1. This Project Control Diagram is not a boundary survey of the adjoining property and is prepared for the Colorado Department of Transportation purposes only.
- 2. This plan set is subject to change and may not be the most current set. It is the user's responsibility to verify with CDDT that this set is the most current. The information contained on the attached drawing is not valid unless this copy bears an original signature of the Professional Land Surveyor hereon named.
- 3. Refer to the M-629-1 Survey Monuments of the Standard Plans found in The Colorado Department of Transportation, M & S Standards for typical survey monument descriptions.

# DEPARTMENT OF TRANSPORTATION STATE OF COLORADO

PROJECT CONTROL DIAGRAM

State Highway XXX MP XX.XX to XX.XX Section XX Township X South, Range XX West of the 6th Principal Meridian County of XXXXX

# PROJECT LOCATION MAP

Basis of Bearings: Bearings used in the calculations of coordinates are based on a grid bearing of NXX° XX'XX''W from CM-MP XX.XX to CM-MP XX.XX. Both monuments are CDOT Type II, marked appropriately for their milepost location and control position. The survey data was obtained from a Global Positioning System (GPS) survey base on the Colorado High Accuracy Reference Network (CHARN).

Basis of Elevations: Project elevations are based on Bench Mark XXX 2000, PID: XXXXXX, a standard bench mark disk set on top of a concrete monument, with a NAVD 88 elevation of XXXX.XXft. XXX is a XXXXX order benchmark.

CDDRDINATE DATUM: Project coordinates are modified Colorado State Plane XXXXXX Zone NAD '83/(XX) coordinates. The combined elevation/scale factor used to modify the coordinates from state plane to project coordinates is 1.XXXXXXXXXXX. The resulting project coordinates are truncated by 200,000m in the Northing and 400,000m in the Easting after converting from state plane coordinates to project coordinates. The CHARN is based on the NAD '83(XX)

Project Coordinates Northing US Survey Feet = (State Plane Coordinate Northing \* 1.XXXXXXXXXX - 200,000) \* (3937/1200).

Project Coordinates Easting US Survey Feet = (State Plane Coordinate Easting \* 1.XXXXXXXXXX - 400,000) \* (3937/1200).

NOTICE: According to Colorado law you must commence any legal action based upon any defect in this survey within three years after you first discover such defect. In no event may any action based upon any defect in this survey be commenced more than ten years from the date of the certification shown hereon.
