COLORADO DEPARTMENT OF TRANSPORTATION
STATE HIGHWAY ACCESS PERMIT APPLICATION

Instructions:
- Contact the Colorado Department of Transportation (CDOT) or your local government to determine your issuing authority.
- Contact the issuing authority to determine what plans and other documents are required to be submitted with your application.
- Complete this form (some questions may not apply to you) and submit all necessary documents and submit it in the issuing authority.
- If you have any questions contact the issuing authority.
- For additional information see CDOT's Access Management website at http://www.cdo.dot.state.co.us/AccessPermits/index.htm

1) Property owner ( Permittee )
   Street address
   City, state & zip
   Phone #
   E-mail address

2) Agent for permittee (if different from property owner)
   Mailing address
   City, state & zip
   Phone # (required)
   E-mail address

3) Address of property to be served by permit (required)
   Colorado State Highway 9

4) Legal description of property: If within jurisdictional limits of Municipality, city and/or County, which one?
   County
   Subdivision
   Lot
   Section
   Township
   Range
   East
   West

5) What State Highway are you requesting access from?
   State Highway 9

6) What is the approximate date you intend to begin construction?
   5/1/2010

7) How many feet is the proposed access from the nearest mile post?
   1,100 feet
   M.P.

8) How many feet is the proposed access from the nearest cross street?
   0 feet

9) Check here if you are requesting a:
   - [ ] new access
   - [ ] temporary access (duration anticipated):
   - [ ] improvement to existing access
   - [ ] change in access use
   - [ ] removal of access
   - [ ] relocation of an existing access (provide detail)

10) Provide existing property use:
    Recreation, Winter Nordic and Summer Sports

11) Do you have knowledge of any State Highway access permits serving this property, or adjacent properties in which you have a property interest?
   [ ] no
   [ ] yes, if yes - what are the permit number(s) and provide copies:

12) Does the property owner own or have any interests in any adjacent property?
   [ ] no
   [ ] yes, if yes - please describe:

13) Are there other existing or dedicated public streets, roads, highways or access easements bordering or within the property?
   [ ] no
   [ ] yes, if yes - list them on your plans and indicate the proposed and existing access points.

14) If you are requesting agricultural field access - how many acres will the access serve?
    N/A

15) If you are requesting commercial or industrial access please indicate the types and number of businesses and provide the floor area square footage of each.
    Business/land use
    Square footage
    Business
    Square footage
    N/A

16) If you are requesting residential development access, what is the type (single family, apartment, townhouse) and number of units?
    Type
    Number of units
    Type
    Number of units
    N/A

17) Provide the following vehicle count estimates for vehicles that will use the access. Leaving the property then returning is two counts.
    Indicate if your counts are
    - [ ] peak hour volumes
    - [ ] average daily volumes.
    - [ ] # of passenger cars and light trucks at peak hour volumes
    - [ ] # of single unit vehicles in excess of 30 ft.
    - [ ] # of semi trucks at peak hour volumes
    - [ ] # of farm vehicles (field equipment)
    - [ ] Total count of all vehicles
    850

Previous editions are obsolete and may not be used
1- It is the applicant's responsibility to contact appropriate agencies and obtain all environmental clearances that apply to their activities. Such clearances may include Corps of Engineers 404 Permits or Colorado Discharge Permit System permits, or ecological, archeological, historical or cultural resource clearances. The CDOT Environmental Clearances Information Summary presents contact information for agencies administering certain clearances, information about prohibited discharges, and may be obtained from Regional CDOT Utility/Special Use Permit offices or accessed via the CDOT Planning/Construction-Environmental-Guidance webpage http://www.dot.state.co.us/environmental/Forms.asp.

2- All workers within the State Highway right of way shall comply with their employer's safety and health policies/procedures, and all applicable U.S. Occupational Safety and Health Administration (OSHA) regulations - including, but not limited to the applicable sections of 29 CFR Part 1910 - Occupational Safety and Health Standards and 29 CFR Part 1926 - Safety and Health Regulations for Construction.

Personal protective equipment (e.g. head protection, footwear, high visibility apparel, safety glasses, hearing protection, respirators, gloves, etc.) shall be worn as appropriate for the work being performed, and as specified in regulation. At a minimum, all workers in the State Highway right of way, except when in their vehicles, shall wear the following personal protective equipment: High visibility apparel as specified in the Traffic Control provisions of the documentation accompanying the Notice to Proceed related to this permit (at a minimum, ANSI/ISEA 107-1999, class 2); head protection that complies with the ANSI Z89.1-1997 standard; and at all construction sites or whenever there is danger of injury to feet, workers shall comply with OSHA's PPE requirements for foot protection per 29 CFR 1910.136, 1926.95, and 1928.96. If required, such footwear shall meet the requirements of ANSI Z41-1999.

Where any of the above-referenced ANSI standards have been revised, the most recent version of the standard shall apply.

3- The Permittee is responsible for complying with the Revised Guidelines that have been adopted by the Access Board under the American Disabilities Act (ADA). These guidelines define traversable slope requirements and prescribe the use of a defined pattern of truncated domes as detectable warnings at street crossings. The new Standards Plans and can be found on the Design and Construction Project Support web page at: <http://www.dot.state.co.us/DesignSupport/>, then click on Design Bulletins.

If an access permit is issued to you, it will state the terms and conditions for its use. Any changes in the use of the permitted access not consistent with the terms and conditions listed on the permit may be considered a violation of the permit.

The applicant declares under penalty of perjury in the second degree, and any other applicable state or federal laws, that all information provided on this form and submitted attachments are to the best of their knowledge true and complete.

I understand receipt of an access permit does not constitute permission to start access construction work.

Applicant's signature [Redacted] Print name [Redacted] Date 2/11/10

If the applicant is not the owner of the property, we require this application also to be signed by the property owner or their legally authorized representative (or other acceptable written evidence). This signature shall constitute agreement with this application by all owners-of-interest unless stated in writing. If a permit is issued, the property owner, in most cases, will be listed as the permittee.
