Description of the product: (Include specific quantifiable details from tech data sheet. Advertising generalities are not appropriate.)

The Dandy Curb is a geotextile fabric unit designed to be fitted to curb inlets and median inlets without grates. The Dandy Curb is placed in front of and extends beyond the inlet opening on both sides.

Restrictions, (installation and/or use):

Dandy Products will only function as intended if it is installed in accordance with manufacturer's recommendations

Use of the product, and Benefit to CDOT (be specific to CDOT highway activities only):

The Dandy Curb is used for storm drain inlet protection. The product is specially designed to conform to the shape of the curb and provide built-in overflow designs. The product reduces or eliminates the need to flush or clean inlets, and is easy to install, maintain, inspect, and reuse.
