**Description of the product:** (Include specific quantifiable details from tech data sheet. Advertising generalities are not appropriate.)

Designed to be permanently embedded into concrete and lower your maintenance and product life cycle costs, all while complying with ADA California and Title 24 building codes. Long-lasting ADA tactile detectable warning product, that is all strong enough to withstand the abuse of heavy equipment such as snow plows, fork lifts and other construction vehicles and are ideal for high traffic areas.

Sizes: 18"x24", 24"x24", 30"x24", various radius panels

Weight (LB): 35, 42, 54

Color: Uncoated Natural Patina; Brick Red; Federal Yellow; Onyx Black

**Restrictions,** (installation and/or use):

**none**

**Use of the product,** (be specific to CDOT highway activities only):

**Curb ramps; transit platforms; pedestrian walkways; ADA compliance**

**Benefits to CDOT,** (how will your product enhance quality, improve safety, save money, be a better value than other manufacturer's products):

Advantage Tile Tactile Systems can be used anywhere the safety of the visually impaired is a concern such as curb ramps, depressed curb walkway systems, shopping malls and parking areas.

Engineered to withstand abuse of heavy vehicular traffic such as snow plows, forklifts, and other rolling loads. Maintenance-free natural patina. Largest selection of standard and radius tiles. Lightweight and easy to install. Can be recycled after its life-cycle.
