**Description of the product:** (Include specific quantifiable details from tech data sheet. Advertising generalities are not appropriate.)

Heritage Brick is a cast-in-place detectable warning surface panel made of fiberglass reinforced polymer composite material with uniform color throughout. Exposed surface pattern provides the appearance of brick pavers installed in a modified basket-weave pattern. Dome geometry and spacing meets requirements of ADA/PROWAG. Standard colors include: Federal Yellow, Brick Red, Clay Red, Safety Red, Gray, Black, Blue, Graystone, Redstone, and Brownstone. Units are available in 24"x24" and 24"x30" sizes. Multiple panels are installed in series to create larger installation widths.

**Restrictions,** (installation and/or use):

**Not for use with asphalt substrates or retrofit installations.**

**Use of the product,** (be specific to CDOT highway activities only):

**ADA compliant curb ramps, blended transitions, pedestrian refuge island, boarding platforms, and pedestrian rail crossings.**

**Benefits to CDOT,** (how will your product enhance quality, improve safety, save money, be a better value than other manufacturer's products):

**With virtually no maintenance the Heritage Brick CIP paver elevates the aesthetics of the streetscape while providing great long term performance and compliance with ADA/PROWAG requirements.**

**\*Samples available on request.**

**Specifications:** (listing those applicable is required)

- ☒ CDOT : **M-608-1**  
☐ ASTM :  
☐ AASHTO :  
☐ FHWA :  
☒ other : **ABA, ADAAG, ADA Standards for Transportation Facilities (DOT), PROWAG**

- ☒ Certificate of Compliance (COC) provided ☐ Certificate of Verification (COV) provided for select categories ONLY

**Product Testing:** (National/independent laboratories or universities with Report Date,) **Certified Test Report (CTR)** provided to validate all claims.

- ☐ NTPEP-AASHTO :  
☐ FHWA :  
☐ other :  
☐ other :  
☐ other :

**State DOT Approvals,** (current documentation required): **NC**

**Expiration Date** **5 Year** **12-04-2029**

Sample submitted: ☐ yes ☒ no ☐ n/a Safety Data Sheets (SDS): ☒ yes ☐ no ☐ n/a

Alternate Product Category:

**CDOT Product RESTRICTIONS by CDOT Evaluator:**

**Detectable warning surfaces must contrast visually with adjacent walking surfaces, either light-on-dark or dark-on-light. For installation in wet concrete pavement, not to be used in asphalt applications.**
