Description of the product: (Include specific quantifiable details from the tech data sheet. Advertising generalities are not appropriate.)

RepSil SL is a one-component, self leveling moisture curing, low modulus silicone for sealing joints in Portland cement concrete pavements in all climates. For use in new construction, repair, or remedial applications, providing a lasting and flexible seal. RepSil SL bonds tenaciously to concrete and asphalt without the use of a primer.

Restrictions, (installation and/or use):

Use of the product, and Benefit to CDOT (be specific to CDOT highway activities only):

Bridge Joints, Headers, Ramps

Specifications: (listing those applicable is required.)
