Department of Transportation

**PROJECT  
FACT SHEET**

## CDOT improves intersection of CO 172 and CR 318 south of Ignacio

### Project Details

The Colorado Department of Transportation, in cooperation with Oldcastle SW Group, will improve the intersection of CO Highway 172 and County Road 318 just south of Ignacio. Crews will work on roadway widening, median construction, lighting installation, and pavement markings. The project will add a left turn lane, northbound, on CO 172 for vehicles turning onto CR 318. This will greatly enhance the safety and functionality of this intersection.

### Traffic Impacts

Beginning September 20 through December 2021, motorists will encounter road work at the intersection of CO 172 and CR 318 between MP 7.35 and MP 7.73. Traffic impacts include:

- Working hours will be from 7 a.m. to 7 p.m., Monday through Friday.
- Various lane and shoulder closures will take place within the work zone. Traffic delays up to 15 minutes should be expected.
- Traffic fines will be doubled in the work zone. Motorists should slow down as they approach the work zones, drive with caution, allow extra space between vehicles, and give themselves extra travel time.
