

**REVISION OF SECTION 618
PRESTRESSED CONCRETE**

PERMANENT CHANGES TO PROJECT DATED SPECIAL PROVISIONS

REVISION OF SECTION 618 Prestressed Concrete

| DATE | AUTHOR | DESCRIPTION OF CHANGE |
|-------------|---------------|--|
| 5/25/00 | DLD | Created. This special provision revises shop drawing requirements and deletes allowance for alternate anchorage systems. It should be used on all projects with post-tensioning. |
| 04.11.2023 | M. Kayen | Revisions to make spec online ADA-compliant. 5.22.23 Additional ADA |

**REVISION OF SECTION 618
PRESTRESSED CONCRETE**

Revise Section 618 of the Standard Specifications for this project as follows:

In subsection 618.02 second paragraph delete the first sentence.

In subsection 618.04(c)(7) delete the last sentence.

In subsection 618.04(c)(14) delete the first two paragraphs.

In subsection 618.07(c)2 delete item (1).

Delete Subsection 618.08.
