

**AMENDED AND RESTATED
C-470 EXPRESS LANES PROJECT
INTRA-AGENCY AGREEMENT**

THIS AMENDED AND RESTATED C-470 EXPRESS LANES PROJECT INTRA-AGENCY AGREEMENT (the “Agreement”) is made this ___ day of _____, 2017 by and between the STATE OF COLORADO for the use and benefit of the COLORADO DEPARTMENT OF TRANSPORTATION (“CDOT”) and the COLORADO HIGH PERFORMANCE TRANSPORTATION ENTERPRISE, a government-owned business and a division of CDOT (“HPTE”). CDOT and HPTE are hereinafter referred to individually as a “Party” and collectively as the “Parties.”

RECITALS

A. CDOT is an agency of the State of Colorado authorized pursuant to Section 43-1-105, C.R.S. to plan, develop, construct, coordinate, and promote an integrated transportation system in cooperation with federal, regional, local and other state agencies.

B. The Transportation Commission of Colorado (the “Transportation Commission”) is the budgetary and policy making body for CDOT with all powers and duties granted by the Colorado General Assembly pursuant to Section 43-1-106, C.R.S.

C. HPTE was created pursuant to Section 43-4-806(2), C.R.S. as a government-owned business within CDOT to pursue innovative means of financing important surface transportation projects that will improve the safety, capacity, and accessibility of the surface transportation system, can feasibly be commenced in a reasonable amount of time, and will allow more efficient movement of people, goods, and information throughout Colorado.

D. On November 20, 2015, the Federal Highway Administration issued and approved the *C-470 Corridor Finding of No Significant Impact (FONSI), Kipling Parkway to I-25, November 25* (the “FONSI”), in accordance with 42 U.S.C. § 4321, *et seq.*

E. CDOT and HPTE are currently working in cooperation on the planning, financing, construction, implementation and operation of the first phase of an approved project, generally consisting of the completion of two new tolled express lanes on State Highway 470 (“C-470”) westbound from Interstate 25 to Colorado Boulevard; one new tolled express lane on C-470 westbound from Colorado Boulevard to Wadsworth Boulevard; and one new tolled express lane on C-470 eastbound from Wadsworth Boulevard to Interstate 25 (collectively, the “Project”).

F. CDOT has requested HPTE’s involvement in the Project for the variety of benefits CDOT will receive from implementing tolling on the Project, including, but not limited

to, allowing CDOT to better manage congestion over the long term on C-470 and providing the traveling public with the choice of a new travel lane with more reliable and efficient travel times.

G. HPTE is authorized pursuant to Section 43-4-806(2)(c)(I), C.R.S. to impose user fees on the traveling public for the privilege of using surface transportation infrastructure, and is further authorized pursuant to Section 43-4-806(2)(c)(III), C.R.S. to contract with any governmental or non-governmental source of funding for loans to be used in support of HPTE's functions.

H. Consistent with HPTE's statutory purpose as a government-owned business and enterprise for purposes of Article X, Section 20 of the State Constitution, and in order to support CDOT's efforts to finance the Project, HPTE intends to enter into certain Financing Agreements pursuant to which HPTE will pledge all amounts received by HPTE from tolls, rates and other user fees imposed by HPTE pursuant to Section 43-4-806(2)(C)(I), C.R.S., for the privilege of traveling on the Project (the "Gross Revenues").

I. HPTE currently intends to finance its share of the Project costs through the issuance of senior lien toll revenue bonds (the "Senior Bonds"), as well as a loan of additional funds from the U.S. Department of Transportation ("USDOT"), by and through its Transportation Infrastructure Finance and Innovation Act ("TIFIA") program (the "TIFIA Loan," which together with the Senior Bonds constitutes the "Financing"), which will consist of one or more closings, and the proceeds of which will fund the payment of certain costs and expenses of the planning, design, engineering, acquisition, installation or construction of the Project, and other lawful expenses and costs related thereto. To effect the Financing, HPTE will enter into that certain Master Trust Indenture dated as of March 1, 2017 (the "Master Trust Indenture"), as supplemented by a First Supplemental Trust Indenture dated as of March 1, 2017 (the "First Supplemental Indenture"), each between HPTE and Zions Bank, a division of ZB, National Association, as Trustee (the "Trustee"), and will also enter into that certain TIFIA Loan Agreement (the "TIFIA Loan Agreement") with the USDOT, acting by and through the Executive Director of the Build America Bureau (the "TIFIA Lender"), which loan will be evidenced by a bond (the "2017 TIFIA Bond") issued to the TIFIA Lender pursuant to the Master Trust Indenture, as supplemented by a Second Supplemental Trust Indenture (the "Second Supplemental Indenture") between HPTE and the Trustee (collectively, the "Financing Agreements").

J. CDOT has entered into that certain contract for the C-470 Tolloed Express Lanes Segment 1 Design-Build Project dated June 16, 2016, with Flatiron | AECOM LLC (the "Design-Builder") for the design, engineering and construction of the Project (the "D-B Contract") which establishes, *inter alia*, minimum insurances to be provided by the Design Builder during the construction period, certain required parent guarantees and payment and performance bonds, and sets forth liquidated damages to be assessed by CDOT in the event the Project is not completed within the timeframe set forth in the D-B Contract.

K. HPTE has entered into that certain Managed Lanes Tolling Services Agreement, dated May 7, 2015 (the “TSA”) with the E-470 Public Highway Authority (“E-470”) pursuant to which E-470 provides Tolling Services for HPTE Tolling Facilities, including, but not limited to, Toll Collection and Adjudication Services, conditioned upon payment by HPTE to E-470 of E-470’s Expenses, including Transaction Costs, Reimbursable Costs, and/or costs per dollar of Gross Toll Revenue, all in accordance with the TSA.

L. Pursuant to Section 43-4-806(4), C.R.S., the Transportation Commission may authorize the transfer of money from the state highway fund to HPTE to defray expenses of HPTE and, notwithstanding any state fiscal rule or generally accepted accounting principle that could otherwise be interpreted to require a contrary conclusion, such a transfer shall constitute a loan from the Transportation Commission to HPTE and shall not be considered a grant for purposes of Section 20(2)(d) of Article X of the State Constitution.

M. In consideration of the various terms, covenants, and conditions set forth herein, including the benefits that CDOT will receive as a result of the Financing and the Project, CDOT and HPTE have agreed to enter into this Agreement pursuant to which HPTE can request financial support from the Transportation Commission to assist HPTE in fulfilling its obligations with respect to HPTE O&M Obligations (as such term is hereinafter defined) in the event revenues, together with any available reserves, are insufficient, or projected to be insufficient, to satisfy HPTE’s obligations.

N. HPTE recognizes and acknowledges that any such financial support shall be in the form of a CDOT Backup Loan (as defined and further described in Section III below) from CDOT, acting through the Transportation Commission, to HPTE pursuant to Section 43-4-806(4), C.R.S. The Transportation Commission may, in its sole and absolute discretion, but is not obligated to, elect to make a CDOT Backup Loan.

O. CDOT and HPTE further desire to enter into this Agreement to define their respective roles and responsibilities with respect to funding the construction of the Project and cooperation on the operation and maintenance of the Project and adjacent general purpose lanes, and to allocate the costs related thereto.

P. As a condition to consummating the Financing, CDOT and HPTE will also enter into that certain Direct Agreement with the TIFIA Lender, in which the Parties will provide certain additional assurances and agreements to the TIFIA Lender (the “Direct Agreement”).

Q. The Parties acknowledge that they may, at an undetermined future date, cooperate to complete all or a portion of an expansion of the Project, which at completion would consist of two tolled express lanes westbound on C-470 from I-25 to Lucent Boulevard; one tolled express lane westbound from Lucent Boulevard to Kipling Parkway; one tolled express lane eastbound from Kipling Parkway to Broadway; and two tolled express lanes from Broadway to I-25 (the “Phase 2 Project”), and also may, at an undetermined future date, cooperate to complete all or a

portion of an extension of the Project to include one tolled express lane in each direction between Kipling Parkway and I-70 (the “Segment 2 Project”). The Parties further agree that should all or a portion of the Phase 2 Project or the Segment 2 Project more forward, this Agreement will be amended to incorporate terms and conditions applicable to such additional projects, consistent with the provisions of the Financing Agreements applicable to the same.

R. The Parties previously entered into that certain C-470 Express Lanes (Phase 1) Project Intra-agency Agreement, dated October 20, 2016, which agreement shall be superseded and replaced in its entirety by this Agreement as of the effective date hereof.

S. This Agreement is executed by HPTE under the authority of Sections 29-1-203 and 43-4-806(6)(h), C.R.S., and by CDOT under the authority of Sections 43-1-110 and 43-1-116, C.R.S.

NOW, THEREFORE, IN CONSIDERATION OF THE FOREGOING RECITALS, AND THE VARIOUS TERMS, COVENANTS, AND CONDITIONS SET FORTH HEREIN, AND OTHER GOOD AND VALUABLE CONSIDERATION, THE RECEIPT AND SUFFICIENCY OF WHICH ARE HEREBY ACKNOWLEDGED, THE PARTIES TO THIS AGREEMENT HEREBY AGREE AS FOLLOWS:

TERMS AND CONDITIONS

I. CONSTRUCTION OF THE PROJECT

1. Project Budget. In consideration of the various benefits HPTE receives by implementing a user fee system on the Project, HPTE intends to contribute an amount not less than \$210 million from the proceeds of the Financing toward the design, acquisition and construction of the Project. Notwithstanding the foregoing, and further notwithstanding any increase in the final amount that may be available from proceeds of the Financing to contribute toward the design, acquisition and construction of the Project, CDOT is primarily responsible for the capital costs of completing the Project. CDOT agrees and acknowledges that HPTE’s \$210 million contribution is expected to be sufficient to complete the Project, and that such amount shall be in full satisfaction of any obligations HPTE might have with respect to financing the design, acquisition and the construction of the Project. If costs to complete the Project exceed the funding available, CDOT, and not HPTE, shall be solely responsible for identifying and obtaining additional funding sources to cover any shortfalls. The manner in which both CDOT’s and HPTE’s respective contributions will be requisitioned for the payment of costs of the Project shall be set forth in the Financing Agreements.

2. Delays in Project Completion. CDOT acknowledges that time is of the essence in the completion of the Project; that HPTE intends to pledge future user fee revenues toward the repayment of the TIFIA Loan and Senior Bonds; and that HPTE may incur costs in the event tolling does not commence within the timeframes contemplated in the D-B Contract. CDOT

shall be liable to HPTE for any costs incurred by HPTE under the Financing Agreements that arise as a result of construction delays, except to the extent any delay in tolling commencement is caused by HPTE or E-470 and is not attributable to the actions of CDOT or the Design Builder. CDOT agrees and covenants that it shall: (i) undertake all actions necessary to enforce the provisions of the D-B Contract; (ii) cause the Design Builder to seek recovery under any available delay in start-up or builders risk insurance policies; (iii) take all reasonable actions to recover amounts payable under the provisions of any surety or parent company guarantees provided to CDOT by the Design Builder; and (iv) in the event of delayed construction completion, enforce all liquidated damages provisions against the Design Builder and remit liquidated damages amounts received, notwithstanding any costs of liabilities of CDOT, first to HPTE in such amount as is necessary to cover any costs or liabilities of HPTE incurred under the Financing Agreements.

3. CDOT Responsibilities. Except as otherwise specifically identified as a responsibility of HPTE in Paragraph 3 of this Section, CDOT shall be responsible for the design, acquisition and construction of the Project, including, but not limited to, the following:

a. CDOT will provide reasonable cooperation to HPTE with regard to the Financing and any continuing disclosure or other ongoing obligations related thereto.

b. CDOT will provide design and construction management for the Project and will oversee the Design Builder who shall perform the construction in accordance with the approved design plans and technical specifications and/or administer the construction, all in accordance with the terms and conditions of the D-B Contract. Such administration shall include, but not be limited to, inspection and testing; approving sources of materials; performing required plant and shop inspections; documentation of contract payments; preparing and approving pay estimates; preparing, approving and securing the funding for contract modification orders and minor contract revisions; processing, investigating and, if appropriate, disputing contractor claims; construction supervision of the contractor and subcontractors under the D-B Contract in relation to the construction schedule and other requirements of the D-B Contract; enforcing the rights and remedies of CDOT under the D-B Contract; and meeting requirements of applicable federal and state laws and regulations.

c. CDOT will be responsible for acquiring all rights of way, if any, necessary for the Project and for compliance with the Uniform Federal Relocation Assistance and Real Property Acquisition Policies Act (42 U.S.C. § 4601, *et seq.*) requirements.

d. If necessary, CDOT will be responsible for obtaining the proper clearance or approval from any public or private utility company that may become involved in the Project.

e. CDOT shall ensure that any and all work in connection with the Project is undertaken in accordance with the requirements of the current federal and state

environmental regulations including the National Environmental Policy Act of 1969 (42 U.S.C. § 4321, *et seq.*), as applicable, and the FONSI.

f. CDOT will be responsible for ensuring compliance with Federal Disadvantaged Business Enterprise requirements for the Project.

g. In the event the Project involves modifications of a railroad company's facilities whereby the related work is to be accomplished by railroad company forces, CDOT shall make timely application to the Public Utilities Commission requesting its order providing for the installation of the proposed improvements and not proceed with that work without compliance. CDOT shall also establish contact with the railroad company involved for the purposes of complying with applicable provisions of 23 CFR 646, subpart B, concerning federal aid projects involving railroad facilities.

h. CDOT will maintain all documents related to the construction of the Project and make them available for inspection and review by HPTE and all federal agencies with an interest in the Project for a period of not less than three years after the completion of the work.

i. CDOT will be responsible for all other items in the Memorandum of Understanding by and between CDOT and HPTE, dated September 30, 2013, as may be amended from time to time (the "MOU") identified as the responsibility of CDOT's Office of Major Project Development.

4. HPTE Responsibilities. HPTE shall be specifically responsible for the following with respect to the construction of the Project:

a. HPTE will be responsible for the contracting necessary to implement a user fee system, including paying for the costs of all tolling equipment, software and related installation, including, but not limited to, any obligations to E-470 under the TSA.

b. HPTE may be responsible for other items identified in the MOU as a responsibility of HPTE.

II. OPERATIONS AND MAINTENANCE OF THE PROJECT

1. Overview and Costs. The Project is being constructed adjacent to the C-470 general purpose lanes (within the Project area, referred to herein as the "General Purpose Lanes"), and the Parties recognize the need to cooperate in carrying out the related operations and maintenance for the Project and adjacent General Purpose Lanes. To that end, the Parties agree to cooperate in ensuring that the operations and maintenance are performed and agree to the division of costs as set forth in this Agreement. As a general matter, HPTE shall be responsible for operating and maintaining the Project (including contracting for tolling services and tolling enforcement), and CDOT shall be responsible for operating and maintaining the

General Purpose Lanes. It is the intent of the Parties that, except as specifically provided otherwise herein, CDOT shall perform such operations and maintenance of both the Project and the General Purpose Lanes, which for certainty shall include all work constituting both Project O&M Expenses and Renewal and Replacement Costs (as such terms are defined in the TIFIA Loan Agreement), and HPTE shall reimburse CDOT for HPTE's proportionate share of the overall operations and maintenance expenses of the Project, as further set forth herein. CDOT shall operate and maintain the Project in a reasonable and prudent manner and shall maintain the Project in good repair, working order and condition and in accordance with the requirements of all applicable laws, applicable contracts, and the performance standards that apply to CDOT's operation and maintenance of the General Purpose Lanes.

2. HPTE License. In consideration of the various benefits CDOT will receive as a result of the Project, CDOT hereby provides to HPTE a perpetual, non-exclusive, non-terminable license over, under, upon and in the site of the Project (the "License") for HPTE to operate and maintain the Project. CDOT acknowledges and agrees that HPTE may sublicense the License as needed to fulfill its obligations hereunder. Subject to the License, CDOT reserves the right of use, occupancy and ownership over, under, upon and in the lands comprised of the Project; provided that CDOT agrees that it shall not transfer or purport to assign, convey, transfer, dispose of, alienate or create any lien or encumbrance in the land comprising the site of the Project and shall defend CDOT's title or real property interest to such land, subject to rights held by third parties as of the date hereof, against any person claiming an interest adverse to CDOT. CDOT shall exercise its rights under this paragraph consistent with a mutually agreed upon and approved Concept of Operations for the Project and in a manner that does not unreasonably interfere with the collection of tolls by HPTE on the Project.

3. Cost Allocation. Except as otherwise provided herein, the Parties agree to allocate costs based on a proportion of the total number of vehicles using all lanes on the portion of C-470 that includes the Project, with HPTE's portion being calculated to include all vehicles obligated to pay a user fee within the Project, whether or not such user fee is actually collected, and CDOT's portion being calculated to include all other vehicles (the "Pro-Rata O&M Cost Calculation"). For illustrative purposes only, if the total cost of operating and maintaining the portion of C-470 that includes the Project is \$100,000 per month, and 20% of the total vehicle count consisted of vehicles obligated to pay a user fee, HPTE would be responsible for \$20,000 of such operations and maintenance costs. The Pro-Rata O&M Cost Calculation shall apply to CDOT's costs incurred with respect to: (i) snow and ice removal services; (ii) courtesy patrol; (iii) lane striping and lane sweeping/cleaning; (iv) pavement maintenance and/or replacement, and life-cycle and other capital maintenance, to the extent such activities reasonably include both the Project and the General Purpose Lanes; and (v) any other operations and maintenance expense CDOT and HPTE agree in good faith is most fairly allocated utilizing the Pro-Rata O&M Cost Calculation method.

4. CDOT O&M Obligations. The Pro-Rata O&M Cost Calculation shall not apply to those operations and maintenance costs existing and regularly funded by CDOT prior to the implementation of the Project, and for which the addition of the Project results in a *de minimus*

impact on overall operations and maintenance expenses on C-470. Such costs include, but are not limited to, CDOT's costs incurred with respect to: (i) repair and replacement of guardrail; (ii) repair and replacement of lighting fixtures; (iii) contracts with the State Patrol for safety enforcement within the corridor (but exclusive of additional enforcement contracted by HPTE for toll evasion enforcement); and (iv) pavement maintenance on the General Purpose Lanes.

5. HPTE O&M Obligations. HPTE shall be solely responsible for costs incurred with respect to: (i) toll processing and collection, including, for certainty, all costs payable to E-470 under the TSA; (ii) Level I and Level II maintenance of toll equipment, as defined in the TSA; (iii) contracts for toll evasion enforcement with the State Patrol or other law enforcement entity; (iv) pavement maintenance on the Project; and (v) HPTE overhead and administrative costs related to the operations and maintenance of the Project. Such costs, together with those costs attributable to HPTE under the Pro-Rata O&M Cost Calculation, shall constitute the "HPTE O&M Obligations."

6. Invoicing. CDOT shall submit to HPTE on or before January 15 and July 15 of each year an invoice describing the HPTE O&M Obligations due to CDOT with respect to the Project for the prior six month period. Such invoice shall separately account for costs comprising Project O&M Expenses (generally consisting of routine operations and maintenance work) and Renewal and Replacement Costs (generally consisting of pavement maintenance and/or replacement, life-cycle and other capital maintenance, and replacement of toll equipment, if and only to the extent such work is performed by CDOT), as such terms are each more specifically defined in the TIFIA Loan Agreement. HPTE shall (to the extent consistent with, and subject to, the Financing Agreements) cause such amounts to be remitted within 45 days of receipt of CDOT's invoice. To the extent either Party provides services to the other (either through a third party or directly) that results in one Party covering costs that are agreed to be the responsibility of the other, the Party covering such costs will invoice the other and such invoice shall include a reasonably detailed breakdown of the costs for which the invoicing Party is seeking reimbursement.

7. Reconciliation; O&M Shortfall; Performance. To the extent the Gross Revenues, less amounts first required to be paid in accordance with the security and priority of payments set forth in the Financing Agreements, including, but not limited to, the payment of: (i) debt service on the Senior Bonds; (ii) debt service on the TIFIA Loan; (iii) debt service on any future junior lien toll revenue bonds; (iv) required deposits to the debt service reserve funds relating to the Senior Bonds and TIFIA Loan; and (v) fees and expenses relating to the Financing (so reduced, the “Net Revenues”), are inadequate in any fiscal year to cover the HPTE O&M Obligations, including, for certainty, amounts payable to either CDOT or E-470 for either Project O&M Expenses or Renewal and Replacement Costs, HPTE may request a CDOT Backup Loan to fund such shortfall. Notwithstanding such shortfall in the availability of Net Revenues to cover the HPTE O&M Obligations or the a failure by HPTE to make any principal or interest payment due under any CDOT Backup Loan agreement, CDOT agrees that it shall continue to perform operations and maintenance of both the Project and the General Purpose Lanes.

III. CDOT BACKUP LOAN OBLIGATIONS

1. CDOT Backup Loan Set Aside. On or before September 15 of the immediately preceding fiscal year, HPTE shall estimate whether and in what maximum amount it may be necessary for HPTE to request that CDOT provide financial support to fulfill an HPTE O&M Obligation in any fiscal year due to an insufficiency of Net Revenues to pay all or any portion of the HPTE O&M Obligations, it being understood that any such financial support shall be in the form of a loan from CDOT to HPTE pursuant to Section 43-4-806(4), C.R.S. (a “CDOT Backup Loan”). HPTE shall notify the CDOT Executive Director in writing as to the estimated maximum amount, if any, that is expected to be payable in the succeeding fiscal year to satisfy the HPTE O&M Obligations in excess of the amount of Net Revenues anticipated to be generated by the Project and available for the payment of HPTE O&M Obligations in such fiscal year, and such maximum amount (the “CDOT Backup Loan Set Aside”) shall be included in CDOT’s budget request to the Transportation Commission for an allocation of moneys in the state highway fund for such purpose.

2. HPTE may also, at any time during any fiscal year, notify the Executive Director in writing that HPTE desires that CDOT make a CDOT Backup Loan for projected HPTE O&M Obligations in an amount that exceeds any CDOT Backup Loan Set Aside, if any, that the Transportation Commission has previously allocated for such fiscal year. In such event, the Executive Director shall submit a supplemental budget request to the Transportation Commission at its next regularly scheduled meeting for an allocation or supplemental allocation of moneys in the state highway fund for the purpose of making such CDOT Backup Loans to HPTE in such fiscal year in an amount equal to the amount set forth in the notice delivered by HPTE to the Executive Director pursuant to this Section.

3. Moneys allocated by the Transportation Commission to make CDOT Backup Loans shall be transferred to HPTE and shall be used by HPTE to satisfy the HPTE O&M Obligations, as they become due.

4. Notwithstanding any other provision hereof:

a. CDOT and HPTE agree and acknowledge that the Transportation Commission has no obligation to allocate funds to make CDOT Backup Loans in any fiscal year and the decision whether or not to allocate funds, and the amount, if any, of funds allocated, to make CDOT Backup Loans in any fiscal year shall be made at the sole and absolute discretion of the Transportation Commission;

b. CDOT and HPTE further agree and acknowledge that notwithstanding any state fiscal rule or generally accepted accounting principle that could otherwise be interpreted to require a contrary conclusion, any CDOT Backup Loan made hereunder shall, in accordance with Section 43-4-806(4), C.R.S., constitute a loan and shall not be considered a grant for purposes of Section 20(2)(d) of Article X of the State Constitution or as defined in Section 24-77-102, C.R.S.;

c. Prior to allocating any funds to make CDOT Backup Loans in any fiscal year, CDOT shall determine that such authority exists in the law and that a sufficient unencumbered balance remains available in Fund 400 for CDOT Backup Loans in an amount equal to the amount of funds so allocated; and

d. If an allocation by the Transportation Commission shall have been made, CDOT Backup Loans shall be made up to the amounts requested by HPTE as set forth above.

e. CDOT acknowledges and agrees that HPTE shall not make any payments to CDOT for the repayment of any CDOT Backup Loans pursuant to any CDOT Backup Loan Agreement unless, as of any proposed date for such payment, HPTE shall have first paid all amounts that have become due and payable on such date or on any date prior to such proposed payment under the Financing Agreements.

f. CDOT further acknowledges and agrees that payment of any CDOT Backup Loans shall be payable from Net Revenues after payment of HPTE O&M Obligations in accordance with the terms and conditions of the Financing Agreements.

5. Any CDOT Backup Loans made to HPTE in support of HPTE O&M Obligations shall be authorized by and subject to a separate Transportation Commission Resolution and shall be evidenced by one or more loan agreements in substantially the form attached hereto as **Exhibit A** (a "CDOT Backup Loan Agreement"), with terms consistent with the terms contained herein. The Parties agree to cooperate in good faith to determine a reasonable repayment schedule for each CDOT Backup Loan that is consistent with the terms and conditions of the Financing Agreements.

IV. DEFAULTS, TERMINATION AND REMEDIES

1. Default; Cure. The failure of either Party to fulfill its obligations to perform in accordance with the terms of this Agreement shall constitute a breach of this Agreement. Subject to the requirements of Section V.1., the non-breaching Party shall thereupon have the right to terminate this Agreement for cause by giving written notice to the other Party of its intent to terminate, and at least thirty (30) days' opportunity to cure the default or show cause why termination is not otherwise appropriate; provided, however that such breaching Party shall not be in default under this Agreement if it has promptly commenced a cure of such nonperformance and is diligently pursuing the same. Any finding of nonperformance and failure to cure under this Paragraph shall be referred for dispute resolution as provided for in Paragraph 3 of this Section IV prior to any termination becoming effective.

2. Default for Non-Payment. If HPTE fails to repay any CDOT Backup Loan in accordance with the applicable CDOT Backup Loan Agreement, and upon notice to HPTE and failure by HPTE to cure within thirty (30) days thereof, CDOT may, at its option: (i) terminate its commitment to consider making future CDOT Backup Loans hereunder; (ii) require HPTE to engage a traffic consultant to review and analyze the operations of the Project and recommend actions regarding revising toll rates, changing the methods of operations, or any other actions to increase Gross Revenues, and in CDOT's discretion, require HPTE to either implement such recommended actions or undertake such alternative course of action that will ensure HPTE's ability to meet its payment obligations under the applicable CDOT Backup Loan Agreement; or (iii) take any other appropriate action available at law or in equity; provided, however, that no CDOT Backup Loan, or interest thereon, shall be repaid except to the extent Net Revenues are available for such purpose under the terms and conditions of the Financing Agreements. Notwithstanding the exercise of any of the remedies above, HPTE shall not be relieved of liability to CDOT for any damages sustained by CDOT by virtue of any breach of this Agreement by HPTE, nor shall CDOT be permitted to cease performance of operations and maintenance of the Project.

3. Dispute Resolution. Any dispute concerning the performance of this Agreement shall be resolved at the lowest staff level possible, and shall first be referred to the Director of the CDOT Office of Major Project Development and the HPTE Operations Manager. Failing resolution by such officers, the escalation process shall be: (i) CDOT Chief Engineer and HPTE Director; (ii) CDOT Executive Director and HPTE Director; and (iii) Transportation Commission and HPTE Board of Directors.

V. GENERAL PROVISIONS

1. Effective Date; Term. This Agreement shall be effective as of the date of the date first written above and shall continue until the earlier of (i) the useful life of the Project; (ii) the date HPTE no longer operates the Project; and (iii) the Parties mutually agree to terminate the Agreement. Notwithstanding any other provision of this Agreement to the contrary, the Parties

shall not terminate this Agreement while any amounts remain outstanding on the Senior Bonds or the TIFIA Loan.

2. Order of Precedence. In the event of conflicts or inconsistencies between this Agreement and the Direct Agreement, the provisions of the Direct Agreement shall govern.

3. Modification. Except as specifically provided otherwise herein, no modification of this Agreement shall be effective unless agreed to in writing by both parties in an amendment to this Agreement that is properly executed and approved in accordance with applicable law.

4. Severability. The terms of this Agreement are severable, and should any term or provision hereof be declared invalid or become inoperative for any reason, such invalidity or failure shall not affect the validity of any other term or provision hereof. The waiver of any breach of a term hereof shall not be construed as a waiver of any other term, or the same term upon subsequent breach.

5. Notices. All communications relating to the day-to-day activities for the work shall be exchanged between representatives of CDOT and HPTE. All communication, notices, and correspondence with respect to the performance of this Agreement shall be addressed to the individuals identified below. Either Party from time to time, designate in writing new or substitute representatives.

7. Successors and Assigns. Except as otherwise provided herein, this Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns.

11. Availability of Funds. All payments pursuant to this agreement are subject to and contingent upon the continuing availability of funds appropriated for the purposes hereof. If any of said funds become unavailable, as determined by CDOT, either Party may immediately terminate or seek to amend this agreement, subject to the provisions set forth in Section V.1. hereof.

12. Choice of Law. The laws of the State of Colorado and rules and regulations issued pursuant thereto shall be applied in the interpretation, execution, and enforcement of this Agreement. Any provision of this Agreement, whether or not incorporated herein by reference, which provides for arbitration by any extra-judicial body or person or which is otherwise in conflict with said laws, rules, and regulations shall be considered null and void. Nothing contained in any provision incorporated herein by reference which purports to negate this or any other special provision in whole or in part shall be valid or enforceable or available in any action at law whether by way of complaint, defense, or otherwise.
